

**WIN-KARE INTERNATIONAL GROUP**

# Company Profile

# About US

- Win-Kare Technology Company Ltd. is an expert company in producing and selling electrical and electronic products. The company was set up in Hongkong since Aug. 2000. In order to expand business in mainland, a branch company was set up in Shenzhen in 2007.
- The main products include: IEC connectors ,GFCI ,Switches, Dimmers and power supplies etc. The products are widely applicable for use in household appliance and lighting equipment etc..
- Win-Kare has built up a comprehensive system in selecting good suppliers and raw materials as well as strict inspection of the products quality. With the abundant resource in the industry and our expert quality control system, Win-Kare is able to offer products in good quality and efficient cost. We wish to build up stable partnership relations based on mutual benefit with worldwide clients and extend further to the world market together.

# Company Culture

正

正信、正义，正确解决问题。

道

道德、渠道，君子爱财取之有道。

度

度量、尺度，做事有分寸。

正

JUSTICE

Honesty, Justice and correct solution to problems.

METHOD

Morality, Channels, Make money in right way

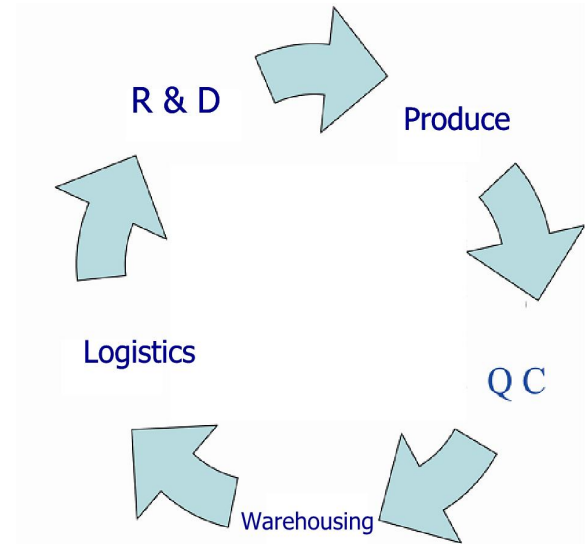

MANNER

Measures, manner. Do things in a proper way.

# Advantages

1. The company has a group of high-quality engineering and technical personnel and technical research and development team;
2. According to customer requirements, comprehensive production can be arranged in raw material procurement, equipment adjustment, parameter setting and cost accounting.
3. The company has a complete quality control system that can monitor the whole process before, during and after delivery.
4. Have a complete storage and inventory management system and a professional management team to ensure the accuracy of incoming materials and End product.
5. Strategic partnership with third-party logistics to ensure efficient operation of the logistics system and continuous optimization of supply chain management.

GFCI

## GFCI

Ground Fault Circuit Interrupter

### Features

- Patented technology - GP' s Permanent Magnetics Patent, which is smarter and reliable.
- Self-Test - self-test every 12 min to ensure the GFCI is continually working .Break the circuit in just 0.025 seconds when ground fault occurrence in the circuit.
- Tamper Resistant & Weather Resistant - Our GFCI outlet boasts a tamper-resistant design to keep children safe. It's constructed with advanced UV stabilized engineering, ensuring superior resistance to corrosion, temperature fluctuations, and harmful UV rays. This makes it ideal for outdoor use.
- Durable and Long Service Life - Constructed with premium high-impact resistant thermoplastic materials and rational structure design, ensures superior strength and durability.
- Always Safe - Strictly tested as per or exceeds UL943 & UL498 requirements. The surge protection and lightning protection function withstanding 6 kilovolt. Reversed Wiring Prevention makes it no power at the GFCI outlet and downstream if the LINE / LOAD is wired incorrectly.
- Easier Install - Works with 12 or 14 AWG for side wire and back wire.

# Competitive Advantage

# Company Vision

## Vision

**Provide the best solution for Household appliances and Lighting electrical products; build a one-stop procurement platform.**

# Five Year Goal

## Goal

- Become an international purchasing
- Service provider with an annual turnover of more than 20 million US dollars in five years.

# Company Mission

**Mission:**

- 1. Make an advanced and sustainable procurement service platform;**
- 2. Provide best products and services;**
- 3. Excellent employees go to success;**
- 4. Get the ideal return on investment;**
- 5. Win the respect of customers!**

# Company Values

**Let customers spend every cent on the most valuable products and services, Not any waste, do everything possible to let customers spend less money, fast quality and quantity to complete the task.**

**Value:**

# WIN-KARE INTERNATIONAL GROUP
