

ABOUT BRIGHT BIRD

Ningbo Bright Bird Electronics Co., Ltd. was established in 2007.

Through more than fifteen years' effort and teamwork, by virtue of "high-quality products and good business reputation", now it has focused on the (LED) work lights, headtorch, camping lantern, spotlight, night light, LED bicycle light, R & D, design, manufacturing, and sales team. The company covers an area of 5,600 square meters, with a staff of 200 working together.

The company's style upholds the "stylish, simple" design concept. It has improved the quality management system and approved ISO9001:2015 and BSCI. With good quality, new appearance, fast innovations, and good service, the products sell well to Europe, and Americas, they are unanimously praised by customers.

"Better design, careful creation and good service" is our business objectives as well as the fundamental for the survival of the company over the years of development. The company will always adhere to the "pioneering efforts, forging ahead" philosophy, make unremitting efforts to strive for leadership in this area. We are looking forward to your cooperation.

We cooperated with top design companies at home and abroad for getting fashion and innovation products in appearance and exterior constructure, at least ten different products hit the market for OEM service each year. Our factory approved BSCI, ISO9001:2015, the products meet CE EMC & LVD, RoHS and REACH for EU market, UKCA for UK market, Ca65 for North America. The waterproof and explosion-proof approval for some special item.

We have 32 injection machines, 17 production lines, the current production capacity is 2000pcs per day, and 2 internal structure teams, specializing in customized products.

Our QC department have strictly inspection standard and process in incoming material inspection, in-process inspection, and final inspection. Ensure 100% qualified products before shipping.
