Friends

Spend your free time with friends.

Active camping: everything needs to be lightweight, compact and well stowed when friends set off on adventures together. Whether on land or on water. Barbecues, catching fish, a glass of summer wine, what would be better?

Events

You meet, you party.

Robust, quick and functional is the motto when it comes to festivals, sport events, church conventions etc. Big events become community experiences. Here, mobility and speed are called for. Camping at its most functional and simplest. A real "must have": the pop-up tent. No more pitching camp, let the party begin.

Family

When home is on the road.

Comfortable camping: on a camping holiday with the family, functionality and comfort have to go hand in hand. The aim is to achieve as much as necessary with as little as possible. That's no problem when specialists like us are constantly on the job. Good that everything is so coordinated. So that 24 hours of fresh air can also be fun for everyone.
