About Company

Shenzhen City

Huatong Buling

Rest Area

YIZHONGTIAN (HK) ELECTRONIC TECHNOLOGY LIMITED, founded in March 2008, is a supplier of electronic component with integrated multiple supply chains and value-added service provider. We rooted in China, the world's largest manufacturing country, which has the world's largest and most complete supply chain system, thus enabling us to provide the most timely and accurate component information to global users and provide the most cost-effective electronic components. At present, YIZHONGTIAN has into a comprehensive distributor with a perfect diversified business network and has become one of the leading supplier in same industry. YIZHONGTIAN has been authorized distributor of Weyon, JieJie Microelectronics, and value-added service providers for MINI-Circuits.

YIZHONGTIAN has a large number of customers from different industries around the world such as research institutes, military, aviation, consumer electronics, household appliances, industry, telecommunications, electronic manufacturing services, automobiles, and medical industries, etc. Looking, focusing on high-end, focusing on solving the procurement pain points of the electronic distribution industry, and better serving global customers is also our mission. With the vigorous development of localization of Chinese components, as a part of the industry, we are also committed to recommending Chinese components with high performance to global customers, to achieve win-win.

About Company

Currently, YIZHONGTIAN maintains stocks of nearly 100 well-known original equipment manufacturers (OEMs) and sells over 10,000 types of electronic components to more than 2,500 customers, which contributing we are the preferred business partner for component services for many brands in China's electronics industry.

YIZHONGTIAN has always adhered to the business philosophy of "quality first, reasonable price, and service first", and has been providing a large number of global electronic equipment with needed components for production. We will continue to adhere to the company's business philosophy and constantly provide customers with better services.

Sincerely welcome new and old customers to contact and establish long-term and friendly cooperative relations.

18 Years

Founded in 2008, the company is a leading electronic component distributor in Shenzhen City, Guangdong Province, China.

3 Warehouses

Three major spot warehouses in Shenzhen City, Shanghai City, and Hong Kong, with over 10,000 items in stock.

2500 Customers

Deeply engaging in domestic market, total amount of customers has reached over 2500. Also have expanded into multiple industries so far.

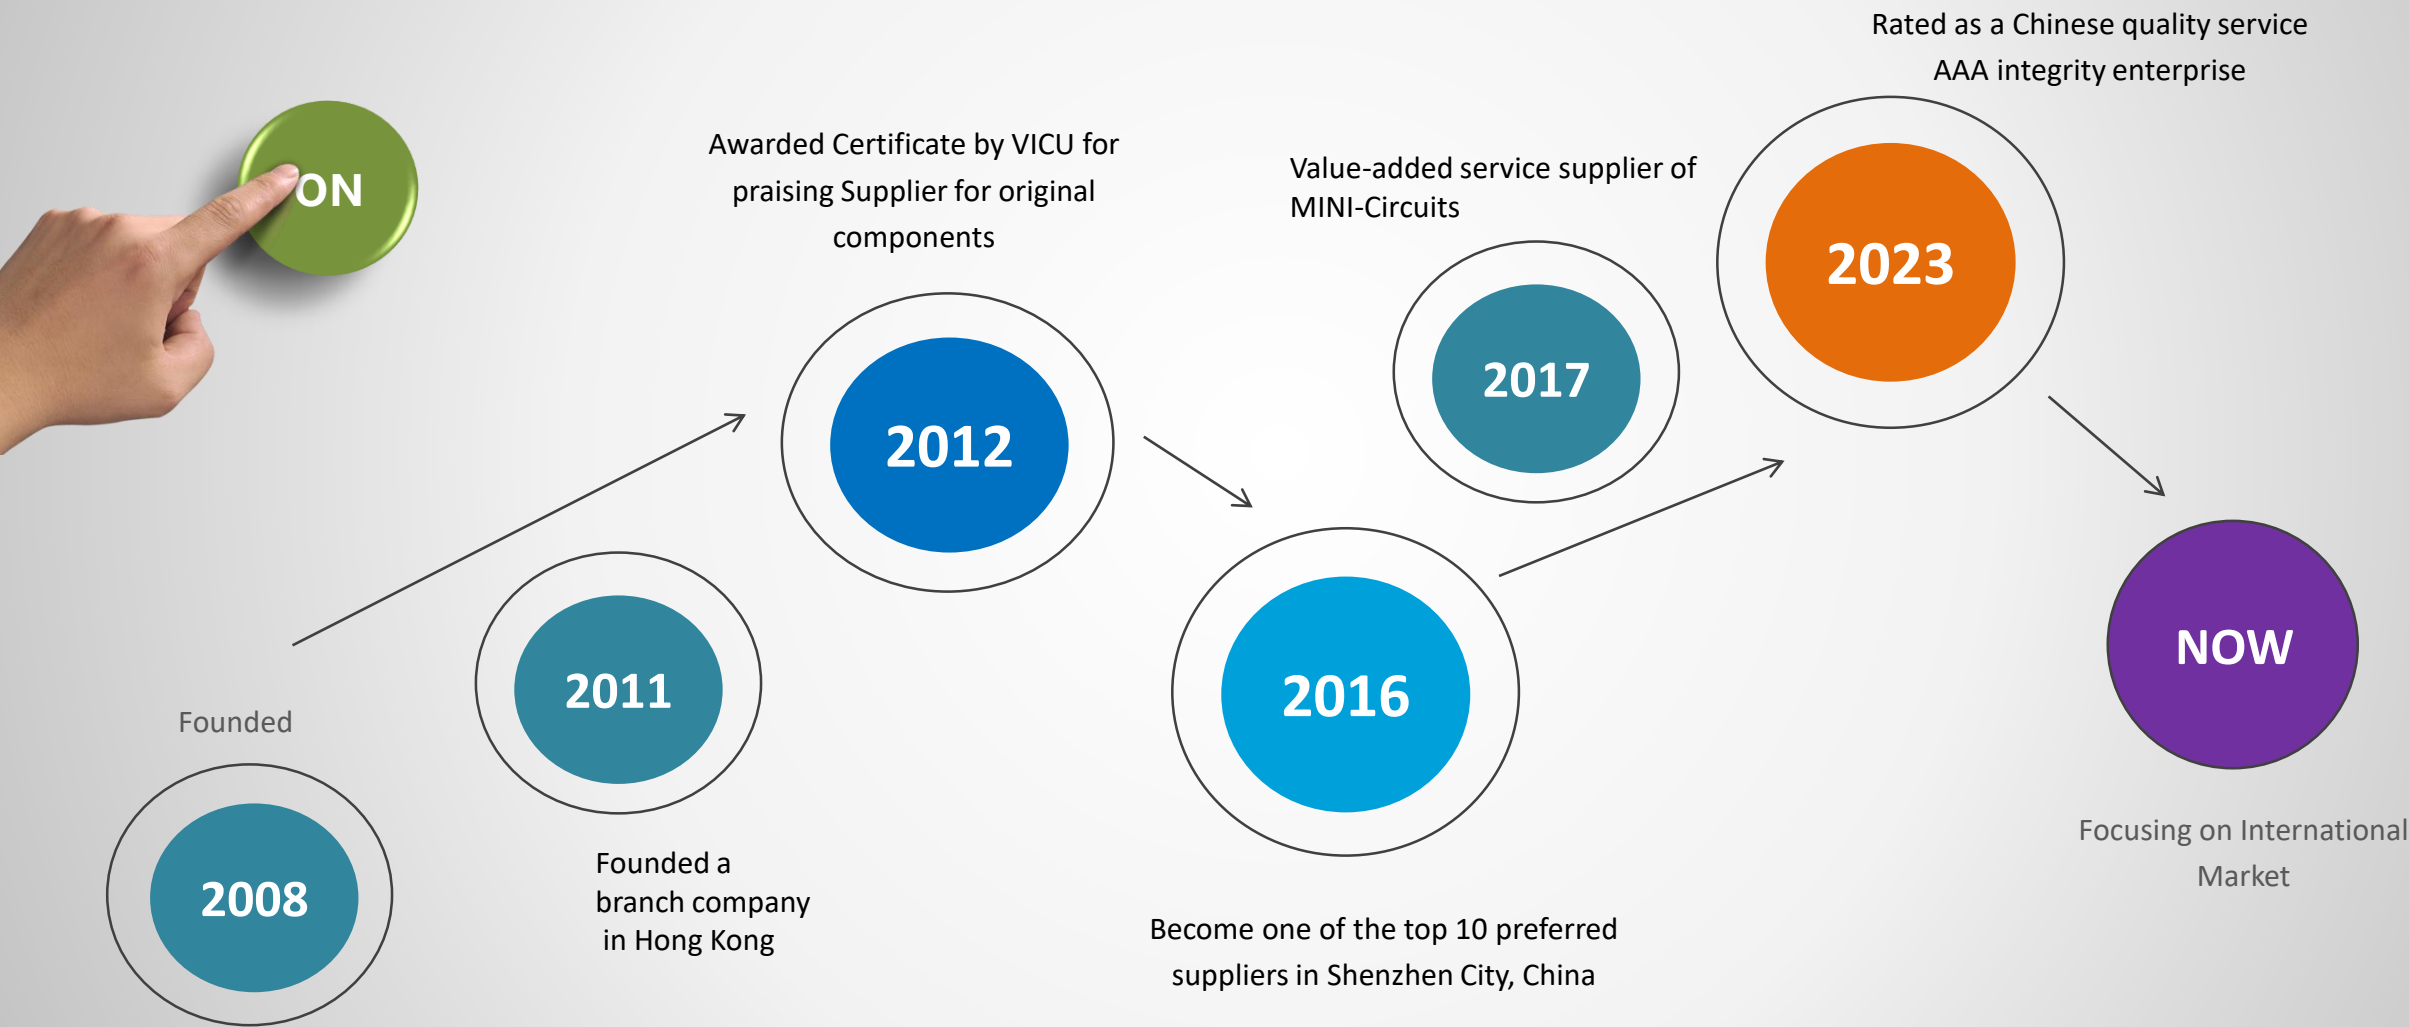

Multiple Purchasing Channels

Domestic and international electronic component purchasing channels

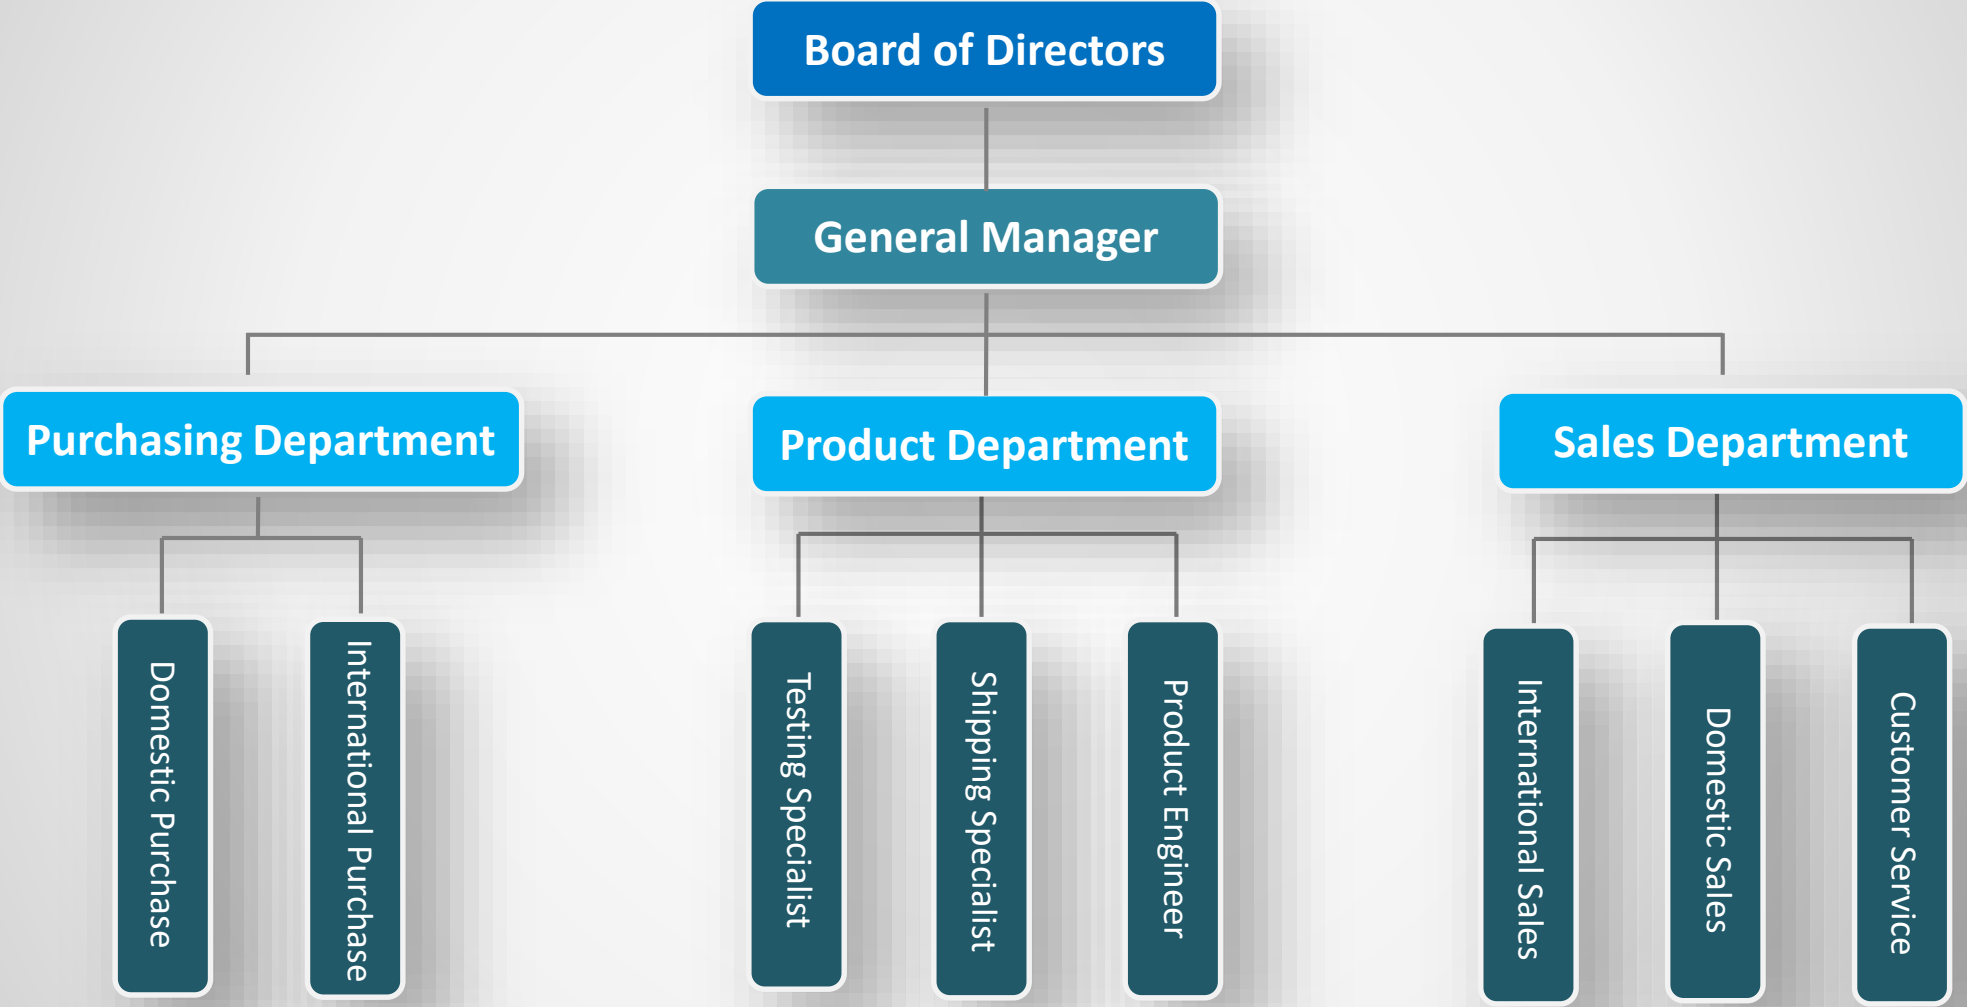

About Company

Organization Structure

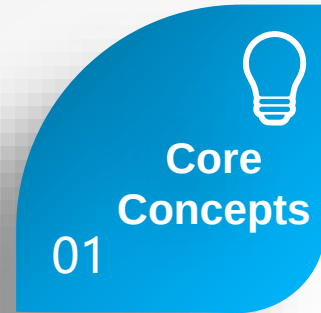

Corporate Culture

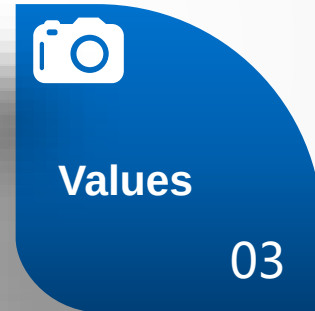

While pursuing the materially and spiritually well-being of all employees, we strive to help our customers become the benchmarks in their industries and contribute to the development of a better life for humanity.

To become a century-old, happy company that our employees are proud of, our customers trust, and society respects.

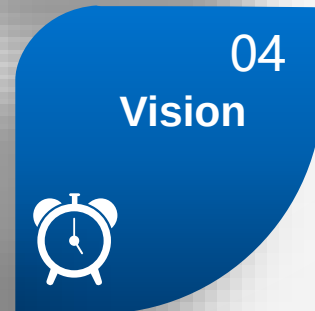

We operate our business according to the standards set by Kazuo Inamori's business philosophy.

Five steps to getting things done: Immerse yourself in your dreams, ignite your passion, tap into your subconscious, apply cold rationality, and be meticulous in the present moment.

Integrity,
Passion,
Unity,
Focus,
Innovation,
Dedication,
and Gratitude are our core values.

Company Activity

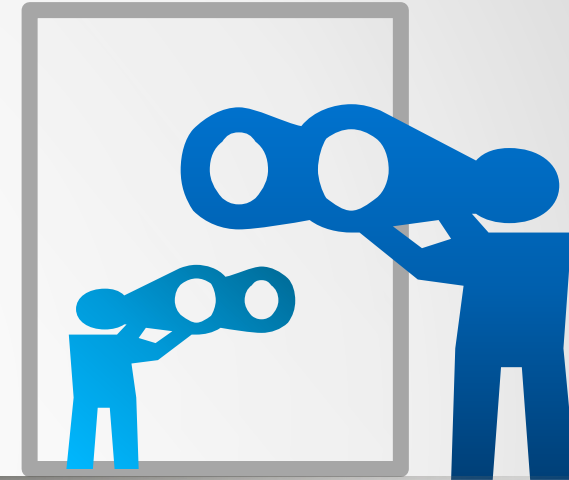

Active components

integrated circuits,
diodes,
transistors,
etc.

Passive components

capacitors,
resistors,
inductors,
connectors,
etc.

01

One-stop components supply

02

Represent and sell domestic Chinese electronic components brands

03

Represent and sell the internationally famous solder paste brand "Vital New Material"

Before Sales

- Timely quotes
- Reliable and trustworthy procurement channels
- Competitive pricing

Strict Testing

- **The first QC inspection** is conducted by our professional, experienced purchasing team to initially assess the quality of the goods.
- **The second QC inspection** is carried out by our testing laboratory using professional instruments.
- **The third QC inspection** involves sending the goods to a third-party testing agency for further testing and providing a test report.

Processing

Strict Packaging

- Professional packaging
- Strict packaging
- Vacuum packaging
- Labeling according to customer requirements

After-Services

- Warranty 90 days after services
- If the quality issue arises from the original manufacturer's production process, we will actively cooperate with the customer to resolve the problem.

Advantage Brand

Details of part numbers

Audio Parts: AD729/AD869, etc	Power Management Parts: ADP630/ADP737, etc	Sensor Parts: AD714, etc	Comparator Parts: AD8233, etc
Reference Voltage Parts: AD8640, etc	Operational Amplifier Parts: AD8665, etc	Interface Parts: ADM202, etc	More.....

Audio Amplifiers: TDA7419/TLV7003, etc	Power Management Chips: LT1084/TPS76623, etc	Wireless Connectivity Chips: MRF2401A/MK823A , etc	HD Audio Decoders: WM8735/CCS4430, etc
Video Conversion Chips: : TPS61150, etc	Audio Processors: TAS5616Q/TAS5626 Q, etc	Audio Processors: TLC5947/TAS5676, etc	More.....

Details of part numbers

MCU Microcontrollers : PIC10/PIC12, etc	Operational Amplifiers: MCP655/MCP625, etc	Linear Regulators: MIC2930/MCP170, etc	Gate Driver ICs: MCP420/MCP426, etc
Gate Driver ICs : TC4420C/24LC04, etc	DC-DC Power Chips: MCP1640/MCP163, etc	Microprocessors: SAM9X6/RNG90, etc	More.....

Microcontroller MCUs: STM32F/STM8L, etc	Operational Amplifiers: LM224/TL064A, etc	Linear Regulators: LD1117/LDK120, etc	MOSFETs: STP55NF/STP11NK, etc
Gate Driver ICs: TC4420C/24LC04, etc	DC-DC Power Chips: PM6640/L7983PU, etc	IGBTs/Modules: STGH30/STGSB2, etc	More.....

Super junction MOSFET: 1. 500V-1050V 2. RDS(ON) 0.02Ω-7Ω 3. Deep trench & multiple epitaxy	Low-Medium Voltage MOSFET: 1. 12V-250V VBP(DSS) N&P 2. Covers Small signal and Power MOSFET full power applications 3. RDS(ON) as low as 1mΩ, current rating above 300A, automotive grade	Planar MOSFET: 1. 500V-1500V VBP(DSS) 2. Current rating 1-40A 3. High reliability high voltage planar process 4. Positive temperature coefficient, parallel self- current sharing	SiC MOSFET: 1. 650V-1200V VBP (DSS) 2. Low on-resistance, miniaturized modules 3. High-speed switching, increased power density 4. Reduced heatsink requirements
SiC Schottky: 1. 650V & 1200V & 1700V 2. TO & DFN packages 3. Automotive-grade SiC Schottky	ICBT: 1. 650V-3300V 2. Field-stop IGBT with fine trench technology 3. Good Vth uniformity, suitable for parallel applications 4. Automotive-grade	LDO: 1. Low-voltage series: 0.7V to 8V 2. High-voltage series: 2.5V to 40V 3. Ultra-low power series: 350nA 4. High PSRR 90dB & Low noise 10uVRMS	More.....

MCU Microcontrollers: GD32F103/GD25Q, etc	Power Management: GD30WS88, etc	Motor Drivers: GD30DR3001/GD30 DR3801, etc	Analog-to-Digital Converters (ADC): GD30AD3340/GD30 AD3344, etc
Lithium Battery Management: GD30BC250/GD30B C2416, etc	Lithium Battery Management: GD30LD3300/GD30 LD3137x, etc	Lithium Battery Management: GD30VR3100/GD30 VR1100, etc	More.....

Honor Certificate

Over the past 18 years, we have diligently strived to provide our customers with the best products and services, earning numerous accolades and encouragement. This gives us even greater confidence in serving our customers in the future.

- Certificate of AAA Quality Service Integrity enterprise, which is an important certificate of integrity in China.
- Since the establishment of the Shenzhen Electronic Components Association in 2018, we have been recognized by the association and awarded several certificates of excellent partners and suppliers
- Certificates of original certification issued by various institutions, in the name of excellent original supplier enterprises

Our Strength

01

Experienced

18 years of experiences in field of electronic component supply

02

**Buying
Channels**

From original manufacturers, authorized distributors, international reliable channels

03

**QC
Management**

- Own QC staffs for the initial inspection
- Third Party Testing Lab for second inspection

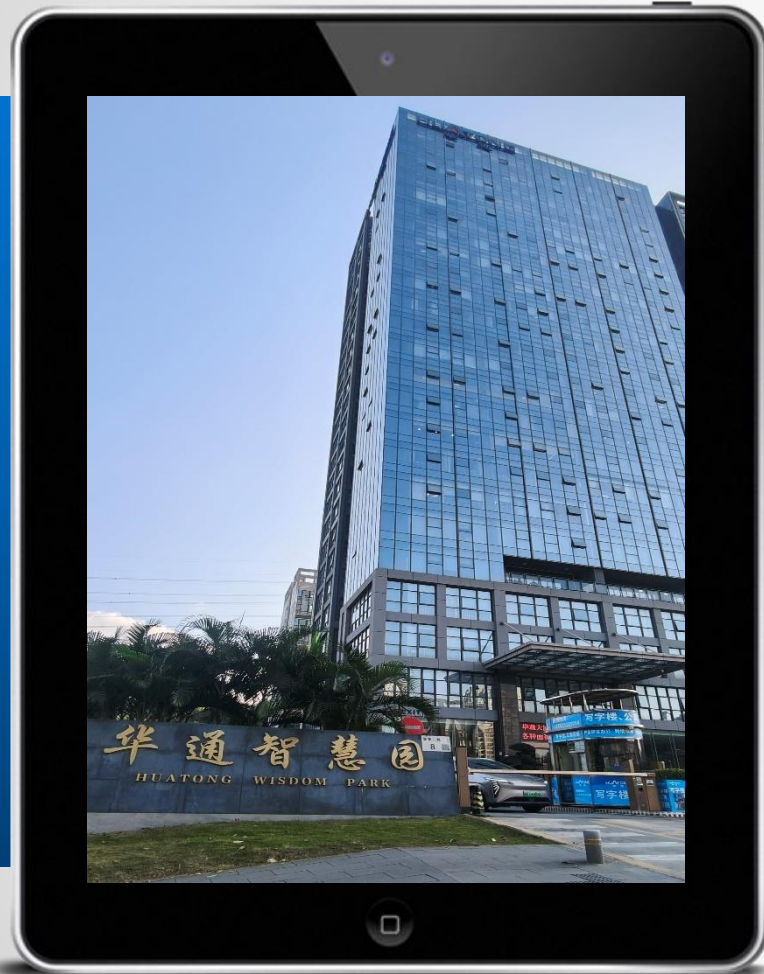

04

**Integrity and
honor**

Our customers are including: Government projects, Chinese famous enterprise, Chinese universities projects, Military industry, etc.
