

### Introduction

Gathe printing was founded in 2006, is a professional packaging provider specialized in designing, printing, producing services for over 18 years. At present we have nearly 150 well-trained workers, about 15 QC personnel and more than 7 printing packaging designers. We can complete a series of complete printing work procedures.

Our main products include paper boxes especially for electronic packaging, PET/PVC/PP/PS boxes, carton boxes, gift boxes, blister boxes, stickers, all kinds of labels, paper bags, paper cards, brochures, and other OEM packing products. Now our company is equipped with a variety of advanced printing machines, as well as the introduction of advanced equipment from home and abroad. Such as Roland 700 printing machine, Yamaha Visual positioning system, Heidelberg, KBA, DIAMOND and automatic UV machines, Hot stamping machines, Embossing and debossing machines, Digital cutting machines, Automatic folding & gluing machines.

We will be highly efficient team work, strict quality control, and try our best to provide the best service for all the clients to make more value and seek long-term cooperation and future development!
