

# » WHY CHOOSE US?

Professional earphone manufacturing  
experience: 24 years

Experienced marketing and engineering team:  
has successfully completed more than  
950 OEM&ODM projects, including complex  
projects for the most demanding markets in  
Japan and Germany...

## OUR ADVANTAGES:

stable supply chain, high-quality service  
and flexible cooperation mode.....

**25**  
YEARS

**950**  
OEM&ODM  
PROJECTS

## COMPANY INTRODUCTION

Founded in 2001, Huizhou New Leader Industry Co., Ltd (NLD) is one of the leading manufacturers of earphone and headphone products, which integrates production, development and sales together. With 25 years' OEM/ODM experience based in Guangdong province in China, the company has achieved great success in developing the international market.

With more than 300 employees, our production line is combined with modern production equipment and complete auxiliary facilities offering the automatic testing and analysis system. The company has ISO9001, ISO14001, and BSCI certificates.

The production line mainly produces both wireless and wired headphone and earphones, the manufacturing plant area is about 8000 square meters, with in depth knowledge and experience in R & D, engineering, cable production, assembly, quality control.

Based on the domestic market and taking a broad view of the world, our products also export into global market, such as the USA, Germany, UK and Japan etc.
