

Shenzhen Huamao Printing Co., Ltd

Company Profile

Our Company

Shenzhen Huamao Printing Co., Ltd

Founded in 2007 and located in Shenzhen Special Economic Zone of China , our company covers a total area of 24,000 square meters. We have a standardized production base with advanced international standard production line and employs more than 200 staff.

It is one of the modern printing and intelligent manufacturing enterprises that integrate design, research and development, production, and sales.

The process of development

2007

Shenzhen Huamao Printing Co., Ltd. was officially established with a 2000-square-meter production workshop.

2009 to 2010

With steady development, our company comprehensively upgraded the automation equipment.
In 2009, the factory passed ISO 9001 and ISO 14001 quality management system certifications.

2013 to 2021

The factory officially imported Heidelberg printing machines from Germany .

Expansion before the epidemic, the factory production area reached **20,000** square meters, once again increased investment in Heidelberg printing machine, and became Disney's designated cooperative packaging box supplier.

2022 to 2025

In 2025, Huamao Printing attained a major milestone: the company moved into a brand-new **24,000**-square-meter facility and added a Heidelberg printing machine and an automatic gluing machine fitted with a quality inspection system.

This strategic expansion marks the beginning as Huamao Printing enters a new era of accelerated growth!
