SMARTPET PRODUCTS

Xiaoya Intelligent Technology (Dongguan) Co., Ltd.

Industrial Design, R&D, Manufacturing & Global Sales

Smart Pet Living, Caring Companion

Smart-Pet-Hardware R&D Partner Born from Industrial-Design Studio

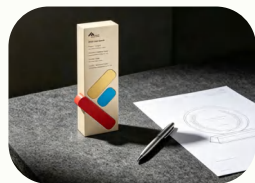

Incubated by an industrial-design firm, we focus on both R&D and global commercialization, specializing in smart pet hardware including smart cat litter boxes, feeders and water fountains.

More than a product supplier, we aim to build long-term strategic alliances with global pet brands. We provide one-stop ODM solutions: concept definition, industrial & structural design, hardware-software development, prototyping, EU & US compliance certification and mass-production delivery.

Joint-development, private-label and brand co-creation are available to help partners launch differentiated smart-pet products for European and North-American markets.

Do you have the following questions

- 1: Worried about lacking a complete product direction and being unable to cover all pet usage scenarios?
We have four major smart product categories: feeders, water dispensers, litter boxes, and GPS-enabled visual collars, covering feeding, toileting, and outdoor activities.
- 2: Worried about disruptions in the R&D chain and low efficiency in multi-party coordination?
Our fully equipped industrial design, structural, and software/hardware development team, with an open-source original design library, provides one-stop solutions for all requirements.
- 3: Do you feel that the proofing cycle is long, thereby delaying the launch window for new products?
We can provide 72-hour rapid prototypes, connecting the entire chain of services from mold development to mass production implementation.
- 4: Worried about the widespread use of generic models, the high homogeneity of products, and being caught in a low-price competition?
We were incubated by an industrial design company and have always stuck to original private-patent designs, creating unique products for our clients and avoiding price competition with peers.

18 Years of Design Heritage • Focused on Product Innovation

Our company's products have won the French Design Gold Award and hold 50 patents for product appearance and structure, creating differentiated competitiveness for pet brands

Global Compliance • Worry-Free Export

Comprehensive export qualification certificates, compliant with international certifications such as CE/FCC/RoHS, suitable for the voltage and safety requirements of various countries.

In-house Developed System • Own Factory

Independently developed control solution, safe and quiet, with APP remote management and continuous OTA upgrades.

Full Service:

Industrial Design, R&D, Manufacturing & Global Sales

1. Strategic Alliance | Joint Co-creation

Co-define new products together with overseas brands. Build exclusive product lines from scratch and share market opportunities with our full-stack R&D capacity.

2. Custom ODM / OEM solutions for smart pet products

Based on our self-developed reference prototypes, customize appearance, color-way, logo, APP UI and functional modules to quickly launch your branded items.

Why choose Yaesmartpet

Collaborate with us

Product Section - Smart Cat Litter Box Series

YSP-LB-G4-OP

Smart Cat Litter Box V4

- APP smart control
- Remote operation
- One-touch sand cleaning
- Open drum
- 9L convenient tank
- 3 working modes
- Modular

YSP-LB01-OP-S

Smart Cat Litter Box V5

- 80L large space with 10L waste compartment
- Automatically separates cat litter from waste
- Multiple methods for inhibiting and eliminating bacteria
- Supports remote control via App
- Fully intelligent design

Product Section - Smart Cat Litter Box Series

YSP-LB03-CL-A/V

Smart Cat Litter Box Y5

- Optional automatic cleaning and exhaust kit
- Large-capacity antibacterial chamber
- Multiple cameras and safety sensing system
- App-based intelligent visual management
- Available in WiFi or video models
- Customizable PID

YSP-LB04-CL-A

Smart Cat Litter Box Y6

- The silo is coated with a silver ion antibacterial coating
- 65L large barrel storage + 9L feces collection bin
- Remote intelligent control via app, with multiple modes to choose from
- Active infrared detection radar, anti-pinch cat sensor

Product Section - Smart Feeder Series

YSP-LB05-CL-A/VI/VE/VD

Smart Cat Litter Box Y7

- Large-capacity antibacterial dual compartments
- Dual cameras for multi-cat monitoring
- APP remote intelligent control
- Detachable ventilation system
- PIR real-time sensing

YSP-LB06-CL-A

Smart self-cleaning cat litter box

- One-Piece Molded Sand Box — Zero Leakage
- Progressive Large Opening — Industry Exclusive
- 60s Fast Sifting • 3s Quick Dismantle
- Zero-Pinch Safety • Expandable Dock
- Universal Sand Compatibility
- Eco-Friendly Paper Tray

Product Section - Smart Feeder Series

YSP-FD03-S-B/A/V

Single-Bowl Smart Feeder

- Supports 10-second voice recording and playback
- 6L large capacity with support for scheduled and measured feeding
- 70cm tall bowl body
- Screw-free structure design
- Fully detachable for cleaning

YSP-FD03-D-B/A/V

Double-Bowl Smart Feeder

- 6L large capacity compatible with various types of grains
- Supports scheduled and measured feeding
- 70cm elevated bowl
- 10-second voice call to eat
- Screwless structural design

Product Section - Smart Feeder Series

YSP-FD01-S/D-B/A/V1080/V2K

Single/Double Bowl Intelligent Pet Feeder

- Preset feeding time mode
- Modular screwless design
- Built-in voice recording feeding function
- Remote intelligent control via APP
- Available in single/double feeding bowl options

YSP-FD04-D-A/VD

Dual-Compartment Dual-Bowl Pet Feeder

- Dual-compartment independent feeding design
- APP remote quantitative feeding settings
- Exclusive anti-jamming feeding structure
- 1080P HD night vision voice camera
- Available in WiFi / video models

Product Section - Smart Feeder Series

YSP-FD02-S-B/A/V

Video pet feeder

- Exclusive anti-jamming food dispensing structure
- Tuya Smart APP for remote operation
- 1080P HD night vision voice camera
- Modular structural design
- Built-in desiccant for moisture-proof and freshness

YSP-FD-WF01-B/A

Wet Food Feeder

- Rechargeable battery with a 30-day endurance
- Minimalist and lightweight smart design
- Available in basic and WiFi versions
- Made of food-grade ABS material
- Wet food feeder with an ice pack
- APP remote scheduled feeding

Product Section - Smart Feeder Series

YSP-FD-LD01

Medium to Large Dog Food Storage Feeder

- Rotating grain discharge + pet-proof structure
- Multiple versions are available, covering feeding in various scenarios
- 22L large capacity, specifically designed for medium to large dogs
- It can be fed for up to 15 days

Product Section - Feeding and Drinking Set

YSP-FW01-B/A

Pet Feeder and Water Fountain Set Yae-1

- Water-separated silent pump with dry-burn protection
- 4-stage filtration & dual water outlet
- Easy to disassemble & clean
- Eco-friendly ABS Material
- 2.6L Large Capacity

Product Section - Feeding and Drinking Set

YSP-FW02-B/V

Pet Feeder and Water Fountain Set Yae-2

- 4L Visible Food Hopper with Triple Sealing
- Tool-free Quick Disassembly & Easy Cleaning
- Dual Power Supply, Feeding Offline Available
- Anti-theft&Anti-slip Design with Motion Detection
- 2K HD Night Vision Camera & APP Remote Control

YSP-FW03-B/A/V

Pet Feeder and Water Fountain Set Yae-3

- Four-Layer Filter Cartridge Purifies Water Quality
- Dual Power Supply, No Fear of Power Outage
- APP Intelligent Control Feeding
- 4L Large Capacity Grain Hopper
- 2.2L Large Water Tank

Product Section - Feeding and Drinking Set

YSP-FW04-A

Pet Feeder and Water Fountain

- Feeding and drinking integrated machine
- APP remote WiFi intelligent control (2.4G WiFi)
- 2.5-liter grain tank + 2-liter water tank
- Suitable for a variety of pet food (diameter $\leq 12\text{mm}$)
- Dual power supply mode

Product Section - Smart Water Fountain Series

YSP-WT08-2.5L-C-304

Smart Model Pet Water Fountain

- Multiple Water Outlet Modes
- Sensor Water Dispensing Lasts 15–21 Days
- Interval Water Dispensing Lasts 30–45 Days
- Pump-Free Structure Design
- Water and Electricity Separation Design
- 2.5L Large Capacity Water Tank

Product Section - Smart Water Fountain Series

YSP-WT19-2.5L-P-Round

Round pet intelligence water Fountain

- Fully transparent compartment design
- Bionic curved pipe water outlet design
- Low-noise long-lasting power system
- 2.0L large-capacity water storage
- Detachable modular structure

YSP-WT07-2.5L-C-304

Smart Model Pet Water Fountain

- Sensor Water Dispensing Lasts 15–21 Days
- Interval Water Dispensing Lasts 30–45 Days
- Water and Electricity Separation Design
- 2.5L Large Capacity Water Tank
- Pump-Free Structure Design
- Multiple Water Outlet Modes

Product Section - Smart Water Fountain Series

YSP-WT09-2.5L-C019

Pet Water Fountain with Purity Separation

- UVC Sterilization for Filter-Free Wastewater Tank
- Dual Independent Water Tanks
- Timed Automatic Water Replacement
- 360° Radar Sensing Water Outlet
- Powered by 4000mA/h Lithium Battery, Use Location Unrestricted

YSP-WT04-4L-S

Stainless Steel Wireless Induction Water Fountain

- Water and electricity separation design
- Multi-mode water outlet design
- Built-in 5000mAh high-density polymer battery
- Anti-clog patented water pump
- Ergonomic design of the water outlet
- Water and electricity separation design

Product Section - Smart Water Fountain Series

YSP-WT19-2.5L-P-Square

Square Smart Pet Water Fountain

- A strong motor with torque, noise level below 25 dB
- Pump-free design for longer lifespan
- 2.5L capacity meets daily needs
- Curved pipe design

YSP-WD01-11L

Medium to Large Dogs - Water Fountain

- Dual versions available + 11L large capacity
- Clean and dirty water separation with four-layer fine filtration
- Vortex water outlet splash-proof design
- Silent and safe operation

Product Section - Smart Water Fountain Series

YSP-WT06-3L

Tilt-Dispensing Pet Water Fountain

- 2000mAh built-in lithium battery
- Constant temperature control
- Separation of clean and wastewater
- Detachable and separable components
- No filter required

YSP-WT03-3L

Intelligent Mimetic Pet Water Fountain

- Continuous circulation of fresh water for oxygenation
- 3.5L large-capacity water tank
- Multi-layer filtration system
- Visual window design
- Low-noise operation

Product Section - Smart Water Fountain Series

YSP-WT02-3L

Smart Charging Pet Water Fountain

- Water output lasts 45~60 days, interval water output 75~90 days
- Equipped with a highly sensitive, flexible touch control panel
- 3.2L large-capacity water tank
- Hidden infrared water sensing

Product Section - Drying Oven Series

YSP-GR06-B/N/NA

Pet Drying Box

- Fresh air system with internal and external dual circulation
- Equipped with a hair-catching net
- 180° magnetic automatic cabin door design
- Warm in winter and cool in summer, can be used as a cat nest
- High concentration of negative ions

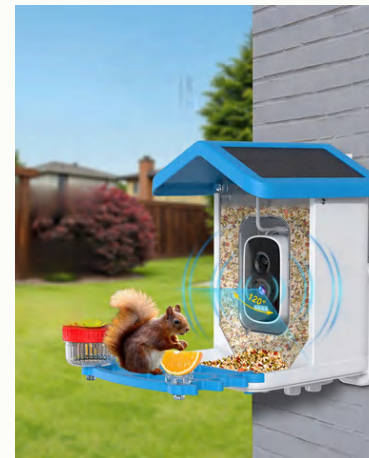

Product Section - Pet companionship Series

YSP-TY01-LA

Laser cat teaser

- APP enables custom audio recording
- Supports dual-band Bluetooth
- Supports laser pet teasing
- Supports pet detection
- 4MP resolution
- Pet tracking

YSP-SM01-BF

Product Section - Other Categories

AI Intelligent Bird Feeder

- IP66-Rated Rain and Dust Protection
- Automatically Captures Bird Videos
- Ultra-Long Standby for 3-6 Months
- 5-Million HD Night Vision Camera
- Bird Detection Notifications
- Uses Solar Panels

Product Section - Air Purifier Series

YSP-AP03

Pet Hair Vacuum Air Purifier

- Sterilization, efficient adsorption of hair and dust
- Bluetooth remote control, APP remote timing
- Adjustable wind speed in three levels, with built-in aromatherapy to refresh the air
- Monitor air quality in real-time

Product Section - Smart Wearables for Pets

YSP-TC01-TR

Pet Tracker

- Precise positioning; one-touch navigation
- Electronic fence; trajectory playback
- Waterproof and durable; ultra-long battery life of 5-7 days
- Voice-activated pet calling; sound and light pet locating

Product Section - Pet toys

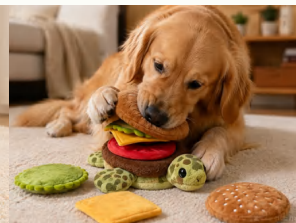

This series includes 5 plush toys for cats: a small green snake, a small white rabbit, a small black bear, a small squirrel, and a small black cat. Each small animal comes with its own accessory set, which can be used individually or freely combined with other characters to create diverse interactive ways of "character + scene".

The Cat's Forest

"WAVE PLAYERS" targets young pet owners who raise small and medium-sized dogs. It combines five marine creatures - turtles, manta rays, sharks, lobsters, and squid - with American fast food items such as hamburgers, pizzas, burritos, hot dogs, and fries, creating a set of oceanic food characters that "look edible but are actually quite playful".

Ocean Delicacies Party
