WELCOME

QingDao XinZhongLian Steel Co.,Ltd. is a professional steel manufacturer. The company and its surrounding areas enjoy convenient transportation and mature industrial facilities, and have established a professional international trade service team. The main products include steel pipes, steel coils, steel plates, wire rods, stainless steel and aluminum products, various types of profiles, etc. We has close cooperative relations with large domestic steel mills such as Baosteel, Shandong Iron and Steel, and Rizhao Iron and Steel, with annual sales exceeding 10 million tons.

We are customer-centric and strive to provide customers with the best quality products and the best prices according to their cutting and rolling requirements. Provide cusomers with the best services in production, packaging, delivery and quality assurance, and provide customers with one-stop purchasing. Therefore, you can rely on our quality and service.

“

Our main products are carbon steel plates, carbon steel coils, steel bars, wire rods, profiles, etc., which are suitable for engineering, coal mines, electric power, boilers, machinery, military industries and other fields. We have passed the "ISO9001 quality system certification, and EU CE certification".Welcome to our factory for visiting and negotiating , We hope to build long-term cooperation relationship with you.

EXPORTED ALL OVER THE WORLD

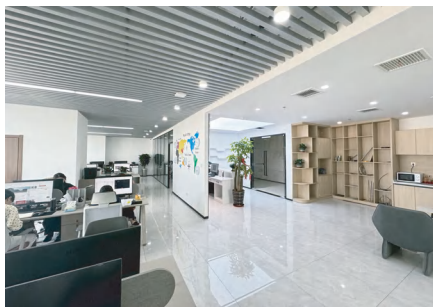

Our products have been sold to more than 50 countries and regions in Europe, Middle East, Africa, Australia, etc. If there is a problem with the product, a solution to the problem will be provided on the same day.

QUALITY ASSURANCE

We have established long-term friendly cooperative relations with man customers all over the world. Every year, many well-known buyers come to our factory for inspection, and our products have been recognized by them.

COMPANY STRENGTH

The factory covers an area of 20, 000 square meters. It has 8 advanced automatic cold-forming production lines, 6 new hot rolling production lines, more than 20 sets of senders, 2 environment-friendly hot-DIP galvanizing production lines, 2 anaerobic annealing furnaces, and maintains an annual production capacity of 300, 000 tons of steel.

QUALIFICATION CERTIFICATE

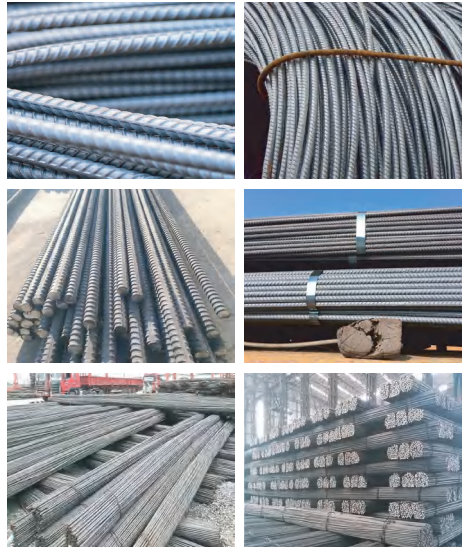

REBAR

Applications:

Rebar is the common name for hot rolled ribbed steel bars. H, R and B are the first letters of the words Hotrolled, Ribbed and Bars respectively.

Product Name	Raber
Diameter	6.0mm-50mm
Length	Coil or customized
Surface	Black skin,Oiling, galvanized, Epoxy coating,etc
Material	HPB355,HRB400E,HEB500E,GR40,GR60,CA40,CA50
Standard	GB,GOST,ASTM,AISI,JIS,BS,DIN,EN
Technology	Hot rolling

WIRE RODS

Applications:

Steel wire rods can be used for a wide range of products depending on how it is shaped and treated. The main usage is wire mesh, nails springs, reinforcement wire, barbed wire, wire ropes , welded wire mesh.

Product Name	Wire rod
Diameter	5.5mm-16mm
Length	Coil or customized
Surface	Black skin,Oiling, Bright,etc
Material	SAE1006,SAE1008,SAE1010,SAE1018,SAE1045, SAE1065,SAE1070,Q195,etc
Standard	GB,RUSSIA,ASTM,AISI,JIS,BS,DIN,EN
Technology	Hot rolling, Cold drawing, galvanized

CARBON STEEL COIL

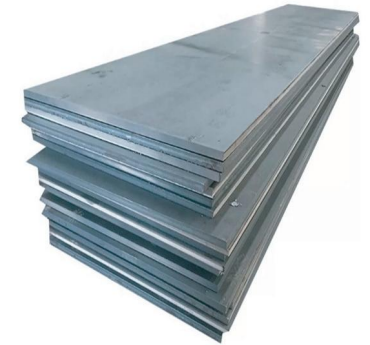

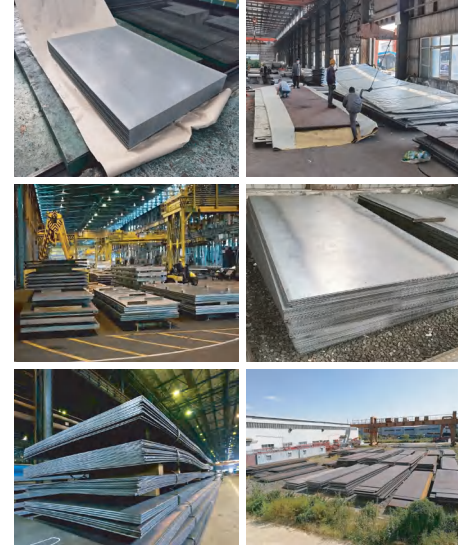

Applications:

used in shipbuilding, automobile, bridge, construction, machinery, pressure vessel and other manufacturing industries because of their excellent properties such as high strength, good toughness, easy processing and forming and good weldability.

Product Name	Carbon Steel Coil
Thickness	0.1mm-16mm
Width	12.7mm-1500mm
Coil inner	508mm/610mm
Surface	Black skin, Pickling, Oiling,etc
Material	S235JR,S275JR,S355JR,A36,SS400,Q235,Q355,ST37,ST52,SPCC,SPHC,SPHT,DC01,DC03,etc
Standard	GB,GOST,ASTM,AISI,JIS,BS,DIN,EN
Technology	Hot rolling, Cold rolling, Pickling

CARBON STEEL PLATE / SHEET

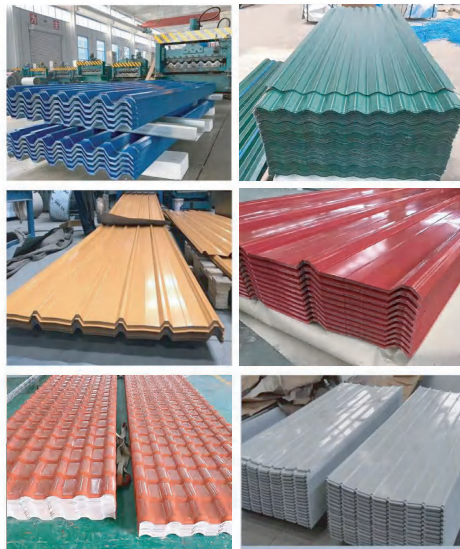

Applications:

used in shipbuilding, automobile, bridge, construction, machinery, pressure vessel and other manufacturing industries because of their excellent properties such as high strength, good toughness, easy processing and forming and good weldability.

Product Name	Carbon Steel Sheet/Plate
Thickness	0.1mm-400mm
Width	12.7mm-3050mm
Length	5800, 6000 or customized
Surface	Black skin, Pickling, Oiling,galvanized, tinning, etc
Material	S235JR,S275JR,S355JR,A36,SS400,Q235,Q355,ST37,ST52,SPCC,SPHC,SPHT,DC01,DC03,etc
Standard	GB,GOST,ASTM,AISI,JIS,BS,DIN,EN
Technology	Hot rolling, Cold rolling, Pickling,galvanized, tinning

ROOFING SHEET

Applications:

PPGI is galvanized color plate, PPGL is galvanized color plate, both are color plates, the substrates are different, one is galvanized structure, the other is galvanized structure, the substrate is different, which determines the difference in performance.

Product Name	Colored corrugated plate
Thickness	0.1mm-3.0mm
Width	600mm-1200mm
Length	Customized
Paint film	15+5
Zinc layer	30g-275g
Standard	GB,GOST,ASTM,AISI,JIS,BS,DIN,EN
Technology	Customize different colors and tile types

PPGI / PPGL

Applications:

PPGI is galvanized color plate, PPGL is galvanized color plate, both are color plates, the substrates are different, one is galvanized structure, the other is galvanized structure, the substrate is different, which determines the difference in performance.

Product Name	Color coated steel coil
Thickness	0.1mm-3.0mm
Width	600mm-1500mm
Coil inner	508mm/610mm
Paint film	15+5 or Customized
Zinc layer	30g-275g
Standard	GB,GOST,ASTM,AISI,JIS,BS,DIN,EN
Colour	According to RAL

GALVANIZED STEEL COIL

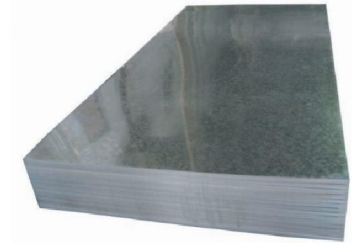

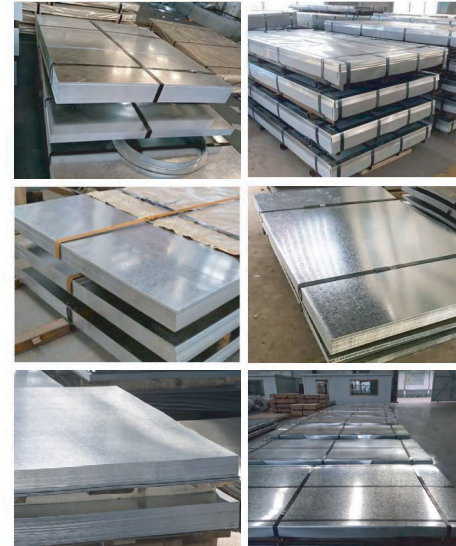

Applications:

Galvanized coil, a type of thin steel plate, is mainly produced by continuous galvanizing process, where a roll of steel plate is continuously immersed in a molten zinc bath to produce galvanized steel plate.

Product Name	Galvanized steel coil
Thickness	0.1mm-5.0mm
Width	12.7mm-2000mm
Coil inner	508mm/610mm
Surface	Large zinc flower, small zinc flower, no zinc flower
Zinc layer	30g-275g
Standard	GB,GOST,ASTM,AISI,JIS,BS,DIN,EN
Technology	Electrogalvanizing, Hot-dip galvanizing, Tinning

GALVANIZED STEEL PLATE / SHEET

Applications:

Galvanized sheet with 55% aluminum zinc alloy coating on the surface. The surface presents unique smooth, flat, and gorgeous stars, with a basic color of silver white. The special coating structure gives it excellent corrosion resistance.

Product Name	Galvanized steel Sheet
Thickness	0.1mm-5.0mm
Width	12.7mm-2000mm
Coil inner	508mm/610mm
Surface	Large zinc flower, small zinc flower, no zinc flower
Zinc layer	30g-275g
Standard	GB,GOST,ASTM,AISI,JIS,BS,DIN,EN
Technology	Electrogalvanizing, Hot-dip galvanizing, Tinning

H-BEAM

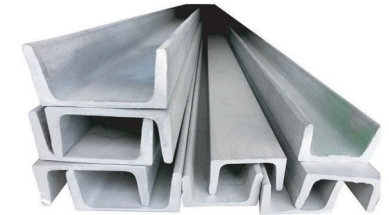

Applications:

Carbon steel profiles are objects with a certain geometry made of carbon steel by rolling, extrusion, casting and other processes. These materials have the appearance of a certain size, section is a certain shape, with certain mechanical and physical properties.

Product Name	H-Beam
Size	Standard size
Length	5800,6000, 11800,12000 or customized
Surface	Black skin, Spray paint,Galvanized, Oiling, etc
Material	S235JR,S275JR,S355JR,SS400,ST37,ST52,Q235,Q355etc
Standard	GB,GOST,ASTM,AISI,JIS,BS,DIN,EN
Technology	Hot rolling

CHANNEL STEEL

Applications:

Carbon steel profiles are objects with a certain geometry made of carbon steel by rolling, extrusion, casting and other processes. These materials have the appearance of a certain size, section is a certain shape, with certain mechanical and physical properties.

Product Name	Channel Steel
Size	Standard size
Length	5800,6000, 11800,12000 or customized
Surface	Black skin, Spray paint,Oiling, etc
Material	S235JR,S275JR,S355JR,SS400,ST37,ST52,Q235,Q355etc
Standard	GB,GOST,ASTM,AISI,JIS,BS,DIN,EN
Technology	Hot rolling

I-BEAM

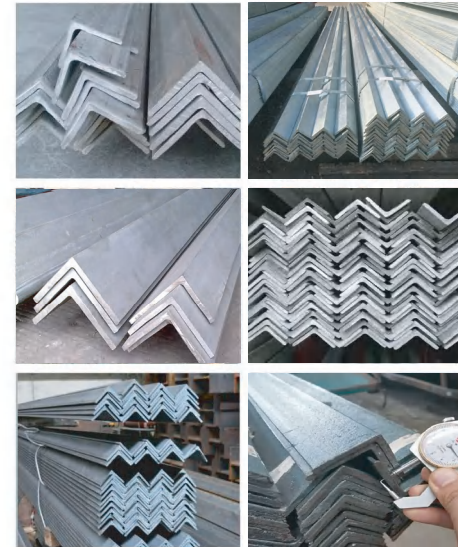

Applications:

Carbon steel profiles are objects with a certain geometry made of carbon steel by rolling, extrusion, casting and other processes. These materials have the appearance of a certain size, section is a certain shape, with certain mechanical and physical properties.

Product Name	I-Beam
Size	Standard size
Length	5800,6000, 11800,12000 or customized
Surface	Black skin, spray paint,oiling, galvanized, etc
Material	S235JR,S275JR,S355JR,SS400,ST37,ST52,Q235,Q355etc
Standard	GB,GOST,ASTM,AISI,JIS,BS,DIN,EN
Technology	Hot rolling

STEEL ANGLE

Applications:

Carbon steel profiles are objects with a certain geometry made of carbon steel by rolling, extrusion, casting and other processes. These materials have the appearance of a certain size, section is a certain shape, with certain mechanical and physical properties.

Product Name	Steel Angle
Size	Standard size
Length	5800,6000, 11800,12000 or customized
Surface	Black skin, spray paint,oiling, galvanized, etc
Material	S235JR,S275JR,S355JR,SS400,ST37,ST52,Q235,Q355etc
Standard	GB,GOST,ASTM,AISI,JIS,BS,DIN,EN
Technology	Hot rolling

TUBE / PIPE

Applications:

The use of carbon pipes can be said to be very extensive, generally suitable for transportation in industries such as power, metallurgy, coal, petroleum, chemical, building materials, machinery, etc

Product Name	Carbon Steel Tube/Pipe
Thickness	1.0mm-60mm
Diameter	6.0mm-1422mm
Length	5800, 6000, 11800, 12000 or customized
Surface	Black skin, spray paint, pickling, oiling, galvanize, etc
Material	A106 GrB, API5L,API5CT,S235JR,S275JR, S355JR,C45,ST37,ST52,4140,4130,etc
Standard	GB,GOST,ASTM,AISI,JIS,BS,DIN,EN
Technology	Hot rolling, pickling, precision, cold rolling,galvanize, seamless, welding, spiral

BAR

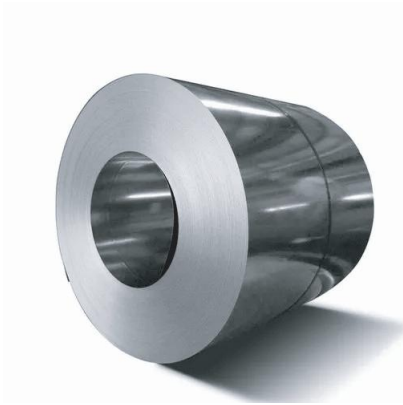

Applications:

Because of its high temperature, easy conductivity and good chemical stability, carbon rods are used in buildings, bridges, railways, manufacturing bearings, gears, ships and various machinery manufacturing industries.

Product Name	Carbon Steel Bar
Diameter	5.0mm-800mm
Length	5800,6000 or customized
Surface	Black skin, Bright, etc
Material	S235JR,S275JR,S355JRS355K2,A36,SS400,Q235,Q355,C45, ST37,ST52,4140,4130,4330,etc
Standard	GB,GOST,ASTM,AISI,JIS,BS,DIN,EN
Technology	Hot rolling, Cold drawing, Hot forging

STAINLESS STEEL COIL

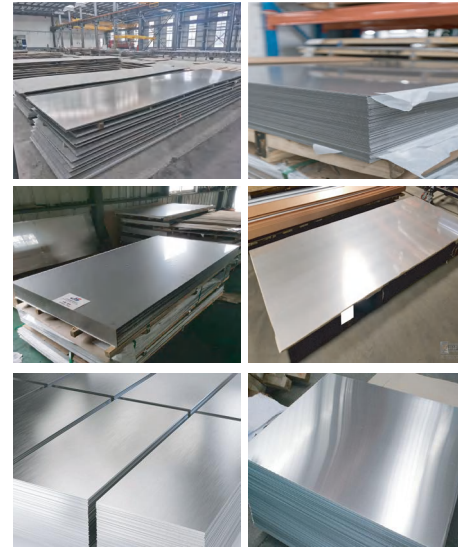

Applications:
Architecture, Decoration, Chemical industry,
Food processing equipment, Medicine, Fiber
industry and Auto components.

Product Name	Stainless Steel Coil
Thickness	0.1mm-16mm
Width	12.7mm-1500mm
Coil inner	508mm/610mm
Surface	NO.1,BA,2B,4B,8K,HL,etc
Material	201/304L//316L/316Ti/321/430/904L/2205/NO8825 /A286/Monel400/2205/2507,etc
Standard	GB,GOST,ASTM,AISI,JIS,BS,DIN
Technology	Cold rolled:0.1mm-6.0mm;Hot rolled:3.0mm-16mm

STAINLESS STEEL PLATE / SHEET

Applications
Material could be shaped as coils, plates or sheets,
strips. Wires, profiles,bars, pipes or tubes, angles, and
others as specially required customization..

Product Name	Stainless Steel Sheet/Plate
Thickness	0.1mm-60mm
Width	12.7mm-2000mm or customized
Length	2438, 6000 or customized
Surface	NO.1,NO.4,BA,2B,4K,8K,HL,etc
Material	201/304L//316L/316Ti/321/430/904L/2205/NO8825 /A286/Monel400,etc
Standard	GB,GOST,ASTM,AISI,JIS,BS,DIN,EN
Technology	Cold rolled:0.1mm-6.0mm;Hot rolled:3.0mm-60mm

STAINLESS STEEL TUBE / PIPE

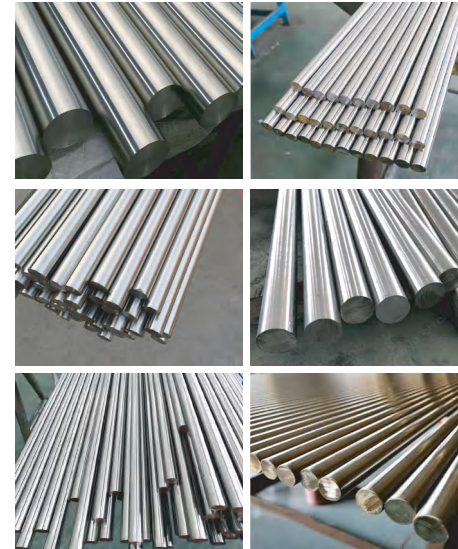

Applications:

Stainless steel pipe is a kind of hollow long round steel, mainly used in petroleum, chemical, medical, food, light industry, mechanical instrument and other industrial pipeline and mechanical structural parts.

Product Name	Stainless Steel Tube/Pipe
Thickness	0.5mm-60mm
Diameter	6mm-1422mm
Length	5800,6000 or customized
Surface	NO.1,2B,AP,bright, etc
Material	201/304L//316L/316Ti/321/430/904L/2205/NO8825/A286 /Monel400/2205/2507,etc
Standard	GB,GOST,ASTM,AISI,JIS,BS,DIN,EN
Technology	Hot rolling, pickling, cold rolling, seamless, welding

STAINLESS STEEL BAR

Applications:

- 1.Construction field,shipping building industry
- 2.Petroleum and Chemical Industries
- 3.Food and Mechanical Industries
- 4.Boiler Heat Exchange
- 5.Machinery and Hardware Industries.

Product Name	Stainless Steel Bar
Diameter	5.0mm-610mm
Length	5800, 6000 or customized
Surface	Black, bright, pickling, etc
Material	201/304L//316L/316Ti/321/430/904L/2205/NO8825/A286 /Monel400/2205/2507,etc
Standard	GB,GOST,ASTM,AISI,JIS,BS,DIN,EN
Technology	Hot rolling, Cold drawing, Hot forging
