ABOUT ALLDOCUBE

Alldocube is a digital brand owned by Shenzhen Alldocube Science and Technology Co., Ltd., located in the Chinese "Silicon Valley".The brand focuses on consumer electronics and takes "Creativity & Pursuit of excellence" as the base of the enterprise.

Developing and providing valuable products to our customers, a happy workspace for employees, and supporting our business partners are crucial to us. Alldocube has its R&D, production, and sales departments. Starting from the domestic market to cooperating with Intel, Microsoft, Qualcomm, and MTK became a State Hi-Tech Enterprise.

Brand products stretch from tablets and laptops to MP3, MP4 players, and many others gadgets. We are willing to create more different products to improve the customers' life quality. Alldocube built a positive reputation and became one of the most reliable tablets and laptops OEM partners.

We believe we can grow up with our customers and develop more fields of partnership.

Our future new state-of-the-art headquarters is in the heart of the Greater Bay Area (GBA)

PRODUCTION LINE & TESTING LAB

Alldocube has a factory with six production lines, covering more than 15,000 sqm. We have our life testing room, Stability&Lability testing LAB, allowing us to make all products testing before putting them into production to ensure the quality of the finished products.

The factory is certified by IS09001 and UL, with a professional control system, from the design and supplier control, IQC, IPQC, OQC to after-sales tracing. We are pretty confident in our quality control, which only benefits our customers.

❶ ALLDOCUBE headquarters base in GUANGZHOU.

❷ ALLDOCUBE Shenzhen Brand Marketing Center.
