

ABOUT US

金树林 科技有限公司

GoldenTrees

Golden Trees, established in 2005, is situated in the high tech site of Bao Long Industrial Area in Long Gang District, Shenzhen, China, environmentally friendly surroundings, convenient travel via Shenzhen border crossings with Hong Kong 40 minutes away. We have our own industrial work area (12000 square meters), over 220 well-trained workers with a modern organized social health support system.

Golden Trees is built for manufacturing highly professional production of electronic products such as nursery night lights, bluetooth, music lamps, sleep trainers and education products, and production of series silicone baby feeding products and etc., by means of continuously self-creation tools&equipments, by optimizing production process in SMT welding assembling fixtures, it is gaining high reputation for efficiency and good quality.

In the ever-changing electrical market, Golden Trees has set up marketing, research and development, and customer support systems. We has a 20 man designing team and a molding team of 60 technicians, 6 CNC sets, 10 firing machines, 3D scanners, and more; 60 sets of molds can be designed and manufactured each month. We hold formal and informal discussion groups with customers to assess their requirements.

Golden trees has been serving for OEM/ODM customers, with over 15 years of development and design experience in Silicone/Plastic/Electronic products, focusing on users' needs and pursuing a harmony, healthy, happy and win-win business relationship for all our customers.

We always provide competitive cost, Good quality and fast/on time delivery for all our customers.

Welcome you to contact us!

Portable Educational Machine

Portable Educational Machine

Size: 90*39*90mm

Functions: built-in music, card-type label recognition, flat-lay label/figure recognition

Material: plastic + silicone

Battery: lithium/1200mAh

Subsidiary functions: replacement of handles, multi-module recognition of external keyboard, multi-platform networking upgrade, independent upgrade of learning content, learning of big data statistical analysis.

Multilingual Enlightening Learning Pad

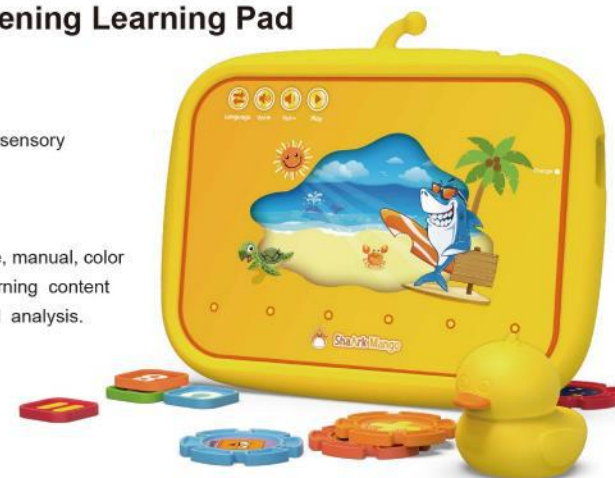

Size: 243 * 201 * 27.5mm

Functions: stereoscopic cognition, eye protection without screen, multi sensory enlightenment

Material: plastic + silicone

Battery: lithium/1200mAh

Product accessories: charging line, manual, color box, animal silicone, color label Learning content upgrade, learning big data statistical analysis.

Pull Out Version Education Machine

Size: 90*39*90mm

Functions: built-in music, card-type label recognition, flat-lay label/figure recognition

Material: plastic + silicone

Battery: lithium/1200mAh

Subsidiary functions: replacement of handles, multi-module recognition of external keyboard, multi-platform networking upgrade, independent upgrade of learning content, learning of big data statistical analysis.

Walkman— children's Education Machine

Color scheme

Walkman Educational Machine

Size: 103*103*99mm

Functions: built-in music, groove label recognition, bottom folding recognition

Material: plastic + silicone

Battery: lithium/1200mAh

Subsidiary functions: image reinstallation, multimodule recognition of external keyboard, and scene knowledge recognition

Fawn Projector To Read

Color scheme

Fawn Projector To Read

Size: 106*114*150mm

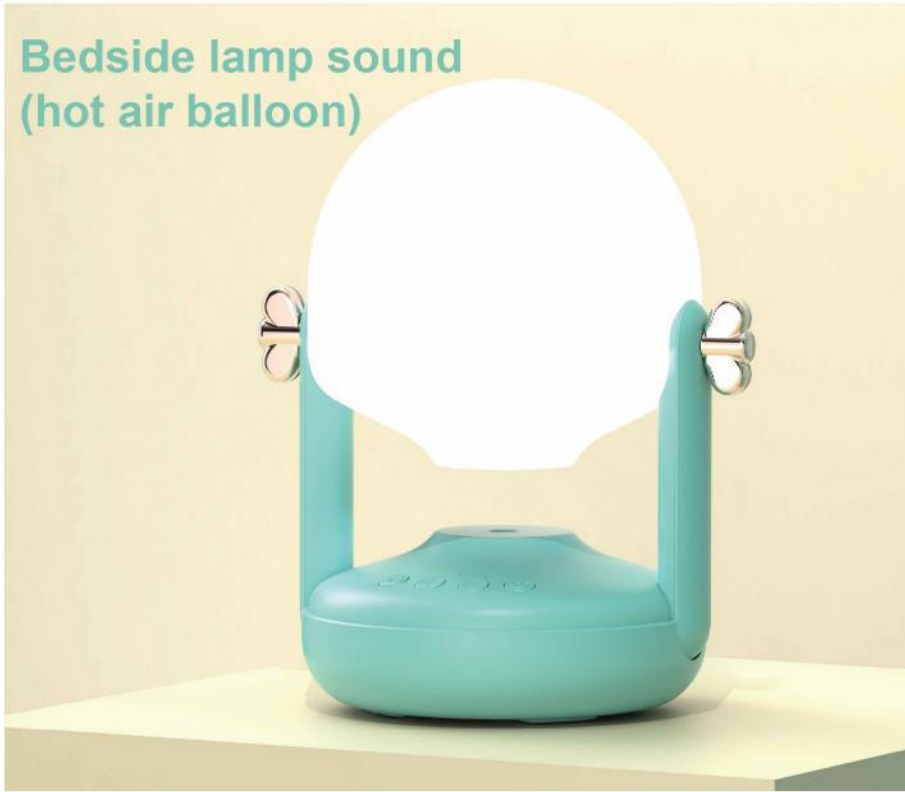

Functions: built-in music, groove label and figure recognition, projecting card images, looking at pictures to find labels

Material: plastic + silicone

Battery: lithium/1200mAh

Subsidiary functions: scene knowledge point recognition. Multi-platform network upgrade, independent upgrade of learning content. Learn about big data statistical analysis

Bedside lamp sound (hot air balloon)

Bluetooth sound

Bedside lamp sound (hot air balloon)

Size: 141 * 109 * 170mm

Functions: bedside lamp + Bluetooth speaker

Material: silicone + plastic

Input voltage: 5V

Battery: lithium/1200mAh

Color scheme

Messenger of lover bluetooth speaker

Size: 127*134*79mm

Functions: Bluetooth speaker

Material: plastic + silicone

Style: Home ,Sweet,Love

Battery: lithium/500mAh
