

GREEN POINT GMBH

Global Industrial & Commodity Sourcing

Green Point GMBH is a European-based international trading and sourcing company providing structured supply solutions across industrial, agricultural, energy, recycling, infrastructure, and commercial sectors.

We connect verified global manufacturers with distributors, project developers, institutional buyers, and wholesale partners. Our focus is long-term partnerships, compliance, performance, and transparent documentation.

OUR PRODUCT DIVISIONS

Industrial & Energy Solutions

Industrial LED Lighting Systems, Portable Power Stations, Electrical Circuits & Components, Professional Power Tools, Crypto Mining Equipment. We support infrastructure projects, energy solutions, and industrial-scale operations.

Agricultural Commodities

Beef & Poultry, Sugar, Cooking Oils, Used Cooking Oil (UCO), General Agricultural Products. Bulk export supply tailored for distributors, processors, and commodity traders.

Recycling & Raw Materials

Scrap Metal, Plastic Raw Materials, Used Oils. Sustainable sourcing solutions for recycling and manufacturing industries.

Infrastructure & Modular Solutions

Container Homes, Modular Container Offices, Portable Housing Solutions. Scalable construction alternatives for residential, commercial, and project use.

Commercial Equipment & FMCG

Vending Machines, Fast-Moving Consumer Goods (FMCG). Supporting retail chains and distribution networks.
