Guangdong Jishun Electric Co., Ltd

Guangdong Jishun Electric Co., Ltd.

it was established in 1996 and was one of the 1st companies to enter the extension socket industry in China. We are a private enterprise with modern advanced production technology and years of management experience. Our factory is located in the city of Puning, Guangdong, China, where most extension socket manufacturers originate from. We have been servicing our domestic market for more than 28 years under our registered brands of "JISHUN" and "JISHUNWANG".
We mainly provide tower socket, power strip, creative extension socket with ourselves 25,000 square meters of workshop area and 200 staff members.
Our products obtained ETL, FCC, CE, Gmark certificates of Intertek.
Our factory already passed ISO 9001: 2015 - Quality Management Systems.
With the premise of constant innovation, good quality, competitive price, good customer relations and excellent service, we strives to grow from strength to strength and achieve success together with customers.
