

Holding Compliance and Patent Certificates

GHI International Co. Ltd, established in 2001, is specialized in the manufacture of USB hubs, card readers and HDD enclosures. We design and manufacture the whole series of products by ourselves, and all of them have passed CE, RoHS and FCC certifications. GHI has many design elites and technologists. So, we have obtained lots of design patent certifications.

Turning out More than 600,000 Items Monthly

Our factory covers over 3,000 square meters located at 3rd and 4th Floor, West Building, Shentebian Tech Park, Qiling North Road, Luogang Village, Buji Town, Longgang District, Shenzhen, China. Our manufacturing facility is equipped with four SMT machines, four modeling machines and six production lines. We employ more than 350 staff including 15 professionals. Thus, our monthly production capacity exceeds 600,000 items.

By normative production, strict inspection and testing, we make sure all products are of excellent quality before shipment. Additionally, we guarantee the best delivery according to customers' requirements.
