About us

Since 1990 we were in the eyewear market, still going strong. With customer service and factory in Wenzhou, China, Binger Eyewear conducts its business that design and supply ready readers, prescription optical and sunglasses in the middle price segment, accompanying accessories like case, pouch, cord, lens, etc.

The core is a dedicated team committed to offer brands where design and fashion go hand in hand with quality, and provide customers with a full service including design, sample test, mass production, and after-sales.

Welcome to Binger Eyewear!

Step By Step

Fast Response

We care about your concerns and requests. The best way is to offer good and quick communication in the feedback.

High Quality Control

Our quality control starts at the step of producing raw material. The sooner we find problems, the better goods customers will get.

Graphic Design

Detail decides direction. We offer graphic design done through CAD, CRD, or photoshop for efficiently detail confirmation before production.

Complying CE&FDA

CE&FDA standards are our essential requirements in the production.

Innovation

We encourage creation& improvement on products to create new value, and get you something unique to win the market.

Market Orientation

Our business reacts to your market, focusing on design, trade, and services that satisfy your needs

Thank you!
