D01 2-in-1

Smart Air Pump
Battery Capacity: 2600mAh
Smart Modes: Car, Motorcycle, Bicycle, Ball Sports
Additional Features: Emergency Lighting + Tire Pressure Monitoring + Smart Auto-Stop
3C-Certified Battery Cells

D02 4-in-1

4-in-1 Multifunction Device
Instant Jump Start (Low Battery) / Tire Inflation / LED Light / Power Bank
Battery Capacity: 12,000mAh
Smart Modes: Car, Motorcycle, Bicycle, Sports Balls
Additional Features: Emergency Lighting + Tire Pressure Monitoring + Smart Auto-Stop Inflation
3C Certified Battery Cells

D03 5-in-1

5-in-1 Multifunction Device
Instant Jump Start (Low Battery) / Tire Inflation / Illumination / Mobile Phone Charging / Dual-Purpose Suction & Inflation
Type-C Port Output: Supports Fast Charging Protocols up to 45W
Battery Capacity: 16,000mAh
Smart Modes: Car, Motorcycle, Bicycle, Ball Sports
Additional Features: Emergency Lighting + Tire Pressure Monitoring + Smart Auto-Stop Inflation
3C-Certified Battery Cells

Dongguan Huanxiang Electronics Co., Ltd
Shenzhen Huanxiang Electronics Co., Ltd.

Shenzhen Huanxiang Electronics Co., Ltd. was established in April 2008, with a factory area of 5,500 square meters. We are a professional enterprise integrating R&D, manufacturing and sales of high-end driving recorders. The company passed ISO9001 quality system certification in 2021 and IATF16949:2016 certification in September 2024, and implements strict management in accordance with these systems. It has been awarded titles including “National High-Tech Enterprise”, “Shenzhen Specialized, Sophisticated, Unique and New Enterprise”, and “National Science and Technology Small and Medium-Sized Enterprise” by governments at all levels.

The company boasts strong R&D capabilities in the industry, holding a number of software copyrights, dozens of utility model patents and dozens of invention patents. In terms of mass production capacity, we have a 5,500-square-meter standardized factory and an excellent management team, committed to providing users with high-quality products and after-sales service. Equipped with state-of-the-art high-speed automatic SMT lines and assembly lines, we realize the whole process from SMT to finished electronic products, with an annual production capacity of 1 million units. At present, the company develops various driving recorders and integrated air pump & jump starters, such as dedicated hidden driving recorders, streaming media rearview mirror recorders, and other types of driving recorders.

The company adheres to three core business philosophies: “Adhere to product-centered R&D principles; persist in providing customers with valuable products as the starting point; stick to complete after-sales service to ensure customer satisfaction”, aiming to build a high-tech enterprise focused on high-end automotive safety products.

We sincerely welcome people of insight from all walks of life to establish long-term cooperation with us for common development, mutual benefit and win-win results, and create a brilliant future together!
