玩家级体验

GAMER EXPERIENCE

As gamers ourselves, following the map of our dreams, we kept on moving forward on the road of designing, manufacturing the best PC building components. Although we did run into some obstacles along the way, the thoughts of connecting PC building enthusiasts, gamers all around the world are what keeps us going no matter what. In the past decade, we communicated with factories, worked on product optimization and market evaluation, finally came up with the optimal design we were looking for, and thus, darkFlash was born.

身为电竞游戏玩家，依照着梦想蓝图，我们不断在设计制造计算机零组件这条路上前进。当然，之间不乏多次失败的经验，但为了让更多D.I.Y.爱好者与游戏玩家共同享受，我们仍抱有远大梦想，志存高远地采取行动。
在这10年间，我们不断与制造商对谈，同时进行产品优化与市场调查，终于在2015年实现理想中的产品设计，我们很开心宣布darkFlash在2016年诞生了。
