About us

Shenzhen CHT Technology Co. Ltd was founded in 2008 in Shenzhen, China, Our company specializes in developing, manufacturing and marketing of Video game controllers for SWITCH, Xbox one, PS4 and so on.

Following the principle of "Honesty first, Quality first", we always place emphasis on best guarantee quality, competitive price, prompt delivery time and excellent service. We have accumulated abundant experience in OD M & O E M operation to meet all of your requirements about unique functions of products, material, shape, package. Most of our products have been approved by FCC, CE, ROHS, REACH, CPSIA authorization.

Meanwhile, to ensure excellent quality levels, we have implemented a ISO9001 Quality management system and BSCI Certificate to ensure that all products are strictly monitored and tested the reliability at each stage of production process, with defective items removed and disposed of, to ensure 99.9% satisfaction to our customers.

Our mission is "Serving every customer with unique, customized offer, according to its position and requests". If you can't find a better partner like CHT to help boost growth in your Sales and Profits! Please feel free to contact us !
