Company Profile

Established in
2013

R&D employees
100+

Established in 2013, **Shenzhen Rongfengyuan Technology Co., Ltd** is a professional manufacturer focus on Tablet PC developing and manufacturing.

We are **GENERAL AGENT OF MEDIATEK**. Also cooperate with **ALLWINNER, UNISOC, ROCKCHIP** etc.

Our products have received **CE, RoHS, FCC, NTC** and other related certificates.

The R&D team consists of more than 100 experienced staffs.

The leading scientific and technological R&D system, standardized production and complete industrial chain system guarantee our product quality and delivery capacity.

Plant Area
5000m²

Serving leading consumer electronics brands and educational institutions in more than 70 countries worldwide.

Certificate

Service Advantages

Customization Services

We offer a wide range of customization options, including hardware, design, and software, to meet market and brand requirements.

Flexible Cooperation

Flexible purchasing and payment methods to facilitate long-term partnerships and smooth collaboration.

Cross-Industry Solutions

Our Android tablets serve industries like education, healthcare, retail, and business management with tailored solutions.

Marketing Support

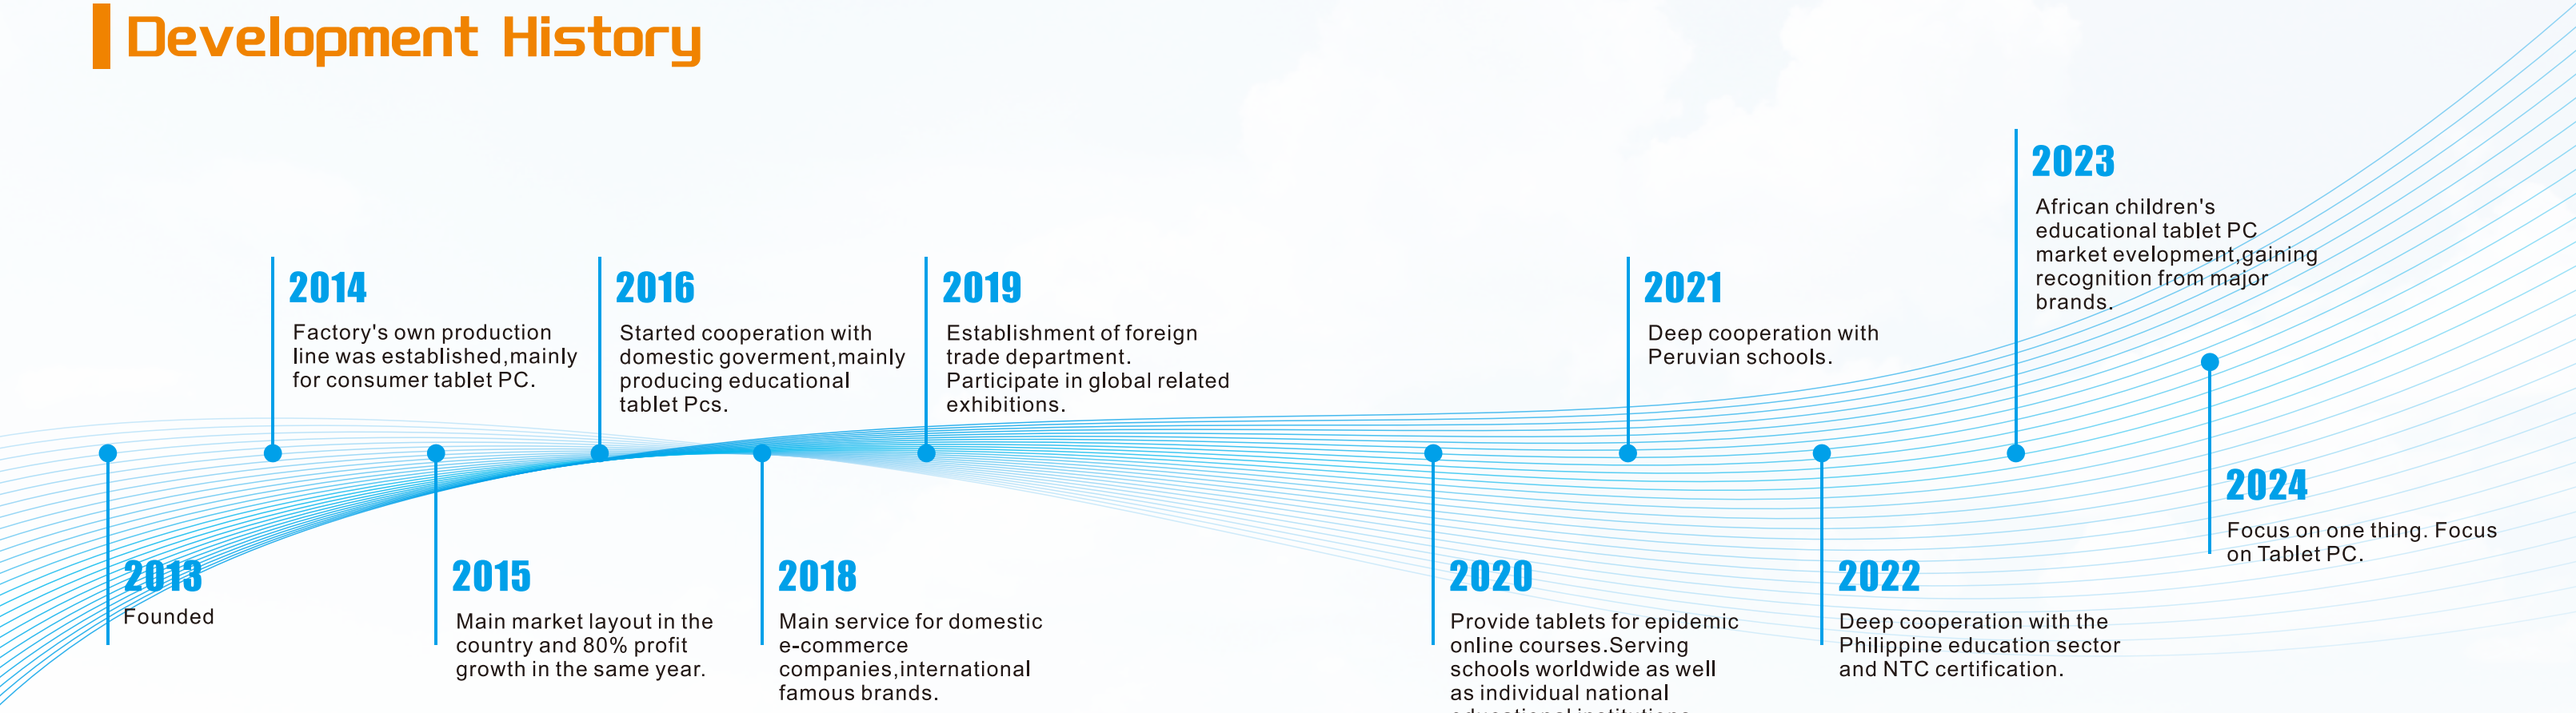

We provide promotional resources, including posters, videos, and social media content, to boost market visibility.

Technical Training

Comprehensive training on operation, system optimization, and troubleshooting to ensure efficient product use.
