SOMOSTEL FACTORY SHOW

SOMOSTEL & JQX are a company with 22 years of experience in manufacturing all kinds of mobile phone accessories, we have several subsidiary factories that produce chargers, data cables, phone cases and tempered films. We have professional experience and services in brand, OEM and ODM customization. We have professional teams for product and packaging design team, engineering team, sales service team, QC team, etc. Every year, we serve thousands of different types of supermarket customers, large wholesalers and e-commerce customer groups from all over the world. Some of our longest-term customers have been cooperating with us for over 22 years.

As a Chinese supplier with over 22 years of experience in mobile phone accessories, we understand what customers need and provide what they want. We constantly strive to assist our customers in winning more and stronger markets. To be the best Chinese supplier for our customers is our unwavering mission!

Come and join us, we can offer you high-quality products, competitive prices and an excellent service team. We are waiting for you in SOMOSTEL & JQX.
