ABOUT US

Our company was founded in 2003 with professional experience for metal hardware parts manufacturing. We are located at TangXia Town, Dongguan City, which is famous for multiple manufacturing factories. It takes less than two hours from ShenZhen, GuangZhou and HongKong International Airports to our factory. There are many Five-Star Hotels in our city that the accommodation and transportation is very safe and convenient.

Our factory covers 8500 square meters with more than 500 sets high precision equipment for metal hardware parts and over 200 workers. Half of the workers are professional technicians. The departments are constituted with sales team, engineers team, PMC office, QC&QA lines, manufacturing departments, HR office and accountant office. The complete structure system help us to offer the best service and qualified products for our customers.

Many kinds of metal hardware parts, machines parts and assembly parts can be OEM and ODM at our factory, like Metal Stamping Parts, CNC Milling Parts, CNC Turning Parts, CNC Springs Parts, Fasteners, Shafts etc. Our customers are from all over the world, like Europe, South America, North America, Oceania, Middle East, South Africa, Southeast Asia etc.

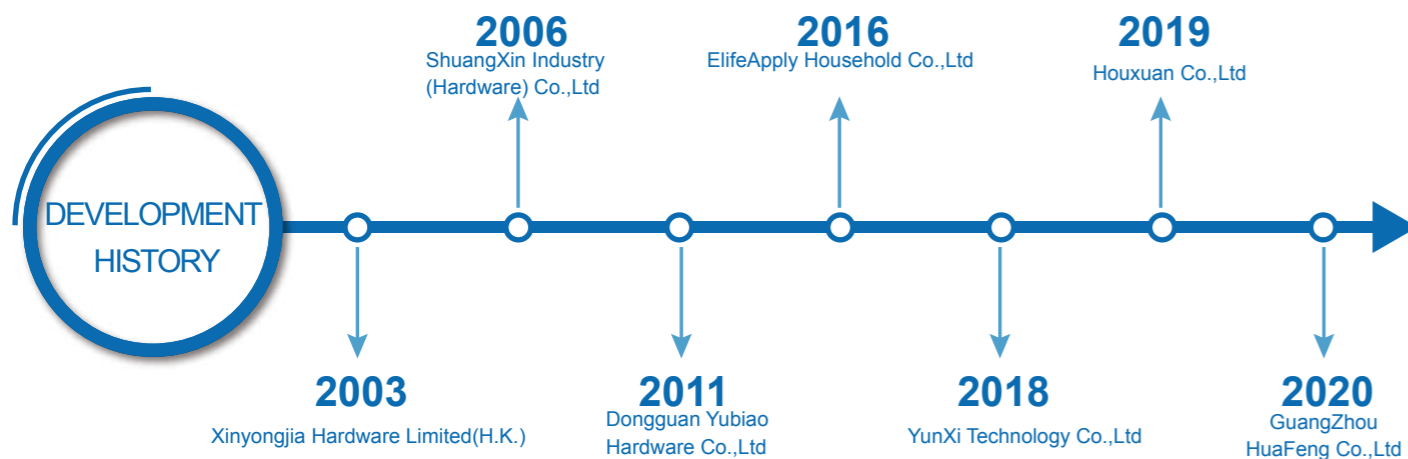

With complete system and professional workers at our factory, we have more advantages than our competitors.

1. Small MOQ is acceptable.
2. Assembly service is available.
3. Complete production system with ISO9001:2015 and IATF16949 passed
4. Professional sales team to offer the best pre-sales and after-sales service.
5. Complete purchase service to save cost and time for customers' projects.
6. Professional engineers team can offer the design and adjustment on the parts' shape, raw material and production processes to save cost for customers' projects.

Warmly welcome to visit our factory and inquiry to us.

CORE VALUES

- ▶ Create profit for customers
- ▶ Seek benefit for enterprise
- ▶ Make contribution to society
- ▶ Provide opportunity for employees

CNC MACHINING PARTS

METAL STAMPING PARTS

stamping

CNC	
Capabilities	CNC Milling, CNC Lathe/ Turning CNC Turning With Live Tooling Solidworks, STEP, IGS, AutoCAD Multi-Axis Aircraft Machining
Equipment Capacity	25 sets 3 / 4 Axis CNC Milling Machines, 30sets CNC Lathe/ Turning Machines;30 Sets Small CNC(Auto Lathe) Machines 1 Set High Flow Speed Polish Machine
Available Manufacturing Raw Material	Aluminum Alloy 6061/6063/6068/7075;Stainless Steel 303/304/316; Hardened Steels and Exotic Alloys, Plastic, Brass, Copper,etc.
Surface Treatment	Anodized, Cleaning, Deburring, Heat Treatment, Plating,Mirror Polishing,etc.
Tolerance	0.01~0.05mm

Stamping	
Capabilities	Progressive / Fourslide Stamping In-Die tapping Solidworks, STEP, IGS, AutoCAD Professional Manufacturing Department ForOEM / ODM Toolings/Moulds
Press Capacity	10 to 250 tons
Equipment Capacity	40 Sets Stamping Machines
Available Manufacturing Raw Material	Aluminum 5052, Carbon Steel,SPCC,Hot/Cold Rolled Steel; Hardened Steels, Brass/Copper, etc.
Surface Treatment	Anodized, Plating,Power ,Coating, Deburring, Heat Treatment,Oxided,Mirror Polishing,etc.
Tolerance	0.05~0.1mm

SPRING

Spring	
Capabilities	Compression Spring , Wire Bend form Spring/Hook; Torsion Spring,Extension Spring,Spiral Spring,Battery Spring,etc. Solidworks, STEP, IGS, AutoCAD
Press Capacity	18 sets CNC Spring Machines
Available Manufacturing Raw Material	Spring Steel Wire,Steel Wire,Stainless Steel Wire,Music Wire Or Other Available Materail.
Surface Treatment	Anodized, Plating,Grinding ,Coating, Deburring,Heat Treatment,Oxided,etc.
Tolerance	Anodized, Plating,Grinding ,Coating, Deburring,Heat Treatment,Oxided,etc.
Wire diameter	0.004"(0.1mm)to 6.0"(6.0mm)

FASTENERS

Fasteners	
Capabilities	Screws, Nuts, Bolts, Washers , Rivets. Solidworks, STEP, IGS, AutoCAD Standard Fasteners And Non-standard(Customized)Fasteners Are All Available
Equipment Capacity	60 sets screws manufacturing machines.
Available Manufacturing Raw Material	Carbon Steel, Stainless Steel, Brass/Copper, Aluminum, etc.
Surface Treatment	Plating,Anodized,Grinding ,Coating, Deburring,Heat Treatment,Oxided,etc.
Tolerance	0.05~0.1mm
