

About us

12 YEARS OF EXPERIENCE AS A PROFESSIONAL MANUFACTURER

Great New Material Technology Co.,Ltd Established in April 2012. After 12 years of effort, we have invested 86 million RMB in 2020. A new factory building has been constructed in Pingdu, Qingdao City, Shandong Province, covering an area of approximately 22000 square meters. The new factory not only has a strong design and R&D team, but also is a modern integrated production enterprise. The factory has multiple advanced fully automatic thermoforming machines that can produce packaging products of various materials such as PET/RPET, PP, PS, PLA, etc. We mainly produce fruit, vegetable, and food packaging, trays, and baskets, as well as healthcare packaging, electronic accessory trays, and other products. The company has passed ISO9001 (Quality Management) and ISO2002 (Food Safety) certifications, as well as FDA certification in the United States and EU certification.

We have never lost our passion for new products. We develop new technologies, processes, and materials to ensure customer satisfaction. We invest over 10% of our profits annually in research and development to establish our reputation in the PET/RPET packaging industry. We can provide OEM/ODM services and welcome these customers to establish long-term business relationships.

Although our company has experienced rapid development for over 12 years, we have been implementing it by producing high-quality packaging products to achieve customer satisfaction, create added value for customers, and ultimately achieve our goals Concept.

The company will strive for self innovation, self pursuit, and explore internal creativity. Employees who not only provide excellent products and services to society, but also offer meaningful work and personal development opportunities. By being precise, pragmatic, honest, respectful, and understanding, we win the trust and reputation of our customers, establish stable and long-term cooperative relationships with them, develop together, share resources and experience, and achieve mutual benefit and win-win results. A win-win situation.

GREAT Quality that you can see

- Multiple advanced German imported fully automatic hot forming machine production lines
- ISO 9001 Quality Management System Certification, ISO 22000 Food Safety System Certification
- ISO14001 Environmental Operating System Certification QS Industrial Production License Certification
- US FDA food certification and EU certification
- The biodegradable series products have fully passed the EU plastic ban standards.
