公司簡介 Brief Introduction

歡迎來到珠海常輝電子有限公司。通過此簡介，希望您可以更多瞭解常輝。

Welcome to Ever Bright (Zhuhai) Electronic Co.,Ltd. Through this brief introduction, hopefully you could know more about our company.

我們1990年在臺灣成立了久東科技公司，1999年在珠海成立了長暉電子，2006年在珠海成立了常輝電子，2012年在湖南成立了長春電子。發展到現在，我們的電子業務已全部轉移至珠海常輝電子與湖南長春電子。我們在中國香港及美國紐約也設立了辦事處。

We established Ever East Technology in Taiwan in 1990, and established Long Sunshine Electronics in Zhuhai in 1999, and established Ever Bright Electronics in Zhuhai in 2006, and established Ever Green in Hunan in 2012. At present, all our electronic business have been transferred to Zhuhai Ever Bright and Hunan Ever Green. We also have offices in both HongKong, China and New York, USA.

我們的珠海工廠，面積約10,000平方米，員工150人左右，有7個職能部門：工程部、製造部、品保部、資材部、業務部、財務部、管理部。

For our Zhuhai factory, about 10,000 square meters with 150 employees or so, it is fully functional with 7 departments, Engineering department, Production department, QA department, Resourcing department, Sales department, Financial department, and Administration department.

我們湖南工廠的規模、人員及職能部門設置和珠海工廠基本相同，擁有著同等級的設計生產能力。

For our Hunan factory, it is basically with the same scale, employee and department allocation with Zhuhai factory, having the same level of design and production capacity.

我們的香港及美國辦事處，主要負責轉運輸處理及售後服務，為當地客戶提供及時有效的服務及支持。

For the offices in HongKong and the United States, they are mainly responsible for transshipment processing and after-sales service, providing timely, local customer service and support.

我們現已通過ISO9001, ISO14001以及ISO45001體系認證。公司所有產品符合RoHS 最新規定，大部分產品擁有UL,TÜV,VDE,3C及其他安全認證。公司產品主要銷往北美及歐洲國家，或他們在其他地區設立的公司。

We are now ISO9001, ISO14001 and ISO45001 approved. For all our parts, they meet the latest requirements of RoHS. And for most of our products, they are approved by UL, TÜV, VDE, 3C or other safety systems. Our products are mainly sold to North America and Europe, or their companies in other areas.

公司簡介 Brief Introduction

公司非常注重產品的改進與創新，建立了專業的技術團隊。我們的產品取得多項發明專利及實用新型、外觀專利。
We attach great importance to product improvement and innovation, and have established a professional technical team. Our products have obtained many patents for invention, utility and appearance.

公司生產各類型變壓器及電感線圈，主要有高頻變壓器，低頻變壓器，音頻變壓器及各種電感線圈及組裝成品變壓器。產品廣泛應用於電子設備、機械設備、電源系統、航天系統、醫療系統、家庭電器及通訊系統等領域。

We make various types of transformers and inductors, mainly high frequency transformers, low frequency transformers, audio transformers, and various of inductors and coils and assembled transformers. They are widely used on electronic equipment, mechanical equipment, power system, aerospace system, medical system, household appliance and communication system etc.

為了適應市場少量多樣化的趨勢，保證公司持續供貨能力，我們還建立了自己的機械、模具加工中心，塑膠、五金、矽鋼材料生產車間，以提供客戶對於非標準塑膠五金製品、矽鋼材料從產品設計、模具設計及產品製造的整套服務。產品不僅滿足了自己的生產需要，同時也為客戶的一些特殊塑膠五金製品及矽鋼材料的需求提供了支持。

In order to meet the market demand “small in quantity but greater in variety” and keep our continuous supply capacity, we have also developed our own machining & mold manufacturing center and an workshop for plastic & hardware accessory and silicon steel material, providing the customers with a complete set of service for non-standard plastic and hardware products and silicon steel material from product design, mold design to product production. It not only meets our own needs, but also meets the customer demand for some special plastic & hardware accessory and silicon steel material.

我司擁有大量的、先進的生產及測試設備，例如，多軸全自動繞線包膠布機、全自動多繞組單軸繞線包膠布機、全自動環形繞線機、銅箔繞線機、大小功率單軸CNC繞線機、大小功率四軸繞線機、自動焊錫機、自動灌膠機、自動打標機、鋼材分條機、自動矽鋼卷繞機、高速衝床、精密注塑機、高溫退火爐、自動烤箱、自動超聲波壓接機、一般及特殊真空含浸設備，自動氬焊機、自動點膠機、鐳射剝皮機、高精度LCR電錶、重疊電流供應器、絕緣耐壓測試機、八通道自動高壓測試儀、浪湧測試儀、變壓器綜合測試儀、低頻電源變壓器電量測試儀、鐵損與磁感測試儀、自動影像測量儀等。

We have sufficient and advanced production and test equipments, like fully automatic winding and taping machine with multi shafts, fully automatic mutiple-windings taping and winding machine with single shaft, fully automatic winding machine for toroidal coils, copper foil winding machine, high and low power CNC winding machine, high and low power winding machine with 4 shafts, automatic soldering machine, automatic potting machine, automatic laser marking machine, steel slitting machine, automatic silicon steel winding machine, high speed punching machine, Precision injection molding machine, High temperature annealing furnace, automatic baking machine, automatic ultrasonic crimping machine, normal and special vacuum varnish machine, automatic welding machine, automatic epoxy machine, laser stripping machine, Hi-precision LCR meters, DC Bias current source, hipot & insulation

公司簡介 Brief Introduction

resistance tester, auto hipot tester with eight lines, Impulse Surge Tester, multifunction transformer tester, lower frequency power transformer parameter tester, core loss and magnetic susceptibility tester, automatic imaging tester and so on.

為更好保證產品品質，我們設置了專門的實驗室，配備了產品老化機，恒溫恒濕試驗機，鹽水噴霧試驗機等設備，並依照需求對產品進行相關信賴性測試。

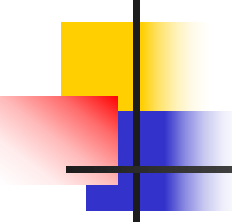

To better ensure product quality, we have established specialized laboratory, allocated with age tester, Temp & Humi tester, Salt spray tester etc, to do the reliability tests per need.

公司在產品品質上嚴格管控，前期設計階段，通過FMEA、PPAP等對產品失敗進行預防。在正式投產階段，通過進料檢驗、制程檢驗、線上測試、出貨檢驗層層把關，運用測量系統分析、統計制程管制等技術，確保持續提供給客戶合格優質的產品。

We have strict control over the product quality. In the earlier stage of product design, we use FMEA, PPAP to prevent product failure. When it comes into mass production, there are incoming inspection, inprocess inspection, online testing , final inspection, and we use MSA measurement system and SPC statistical inprocess control etc. to make sure we keep supplying qualified products to the customers.

在这竞争激烈的时代，我们一直把攻克技术难题和降低生产成本作为企业的目标。我们不但能提供标准品给客户，也接受客户订制品的需求。我们将努力升级，争取客户满意，实现共赢！

In the competitive times, we have always taken overcoming technical problems and reducing production costs as our goal. We could supply the customers not only with standard products, but also accept the customer made demand. We will keep improving to win the customer satisfactory and achieve a win-win situation together!

1. 公司概况 Company profile

1.1 創立時間: 珠海工廠1999, 湖南工廠2012.

Establishment: 1999 for the Zhuhai factory, and 2012 for the Hunan factory.

1.2 公司沿革 Company history:

公司最初於1990年在臺灣成立, 1999年在珠海設立工廠, 2012年在湖南設立工廠, 分別在香港, 美國設立了辦事處及銷售處。

公司2006年通過了ISO9001質量體系認證, 並於2015年進一步取得了ISO14001及OHSAS18001認證。Our company was originally founded in Taiwan in 1990Y, and established the Zhuhai factory in 1999Y and Hunan factory in 2012. We also have offices in HK and USA. We got the ISO9001 certificate in 2006Y, and then the ISO14001, OHSAS18001 certificate in 2015Y.

1.3 資本額: 珠海工廠RMB5,000,000.00, 湖南工廠RMB10,000,000.00

Capital: RMB5,000,000.00 for Zhuhai factory, and RMB10,000,000.00 for Hunan factory.

1.4 地址: 珠海工廠: 廣東省珠海市金灣區三灶鎮琴石工業區琴石大道31號

湖南工廠: 湖南省隆回縣城東南工業區

Address: Zhuhai factory: 31st QinShi Road, QinShi Industrial Zone, SanZao Town, JinWan Area, Zhuhai City, Guangdong Province.

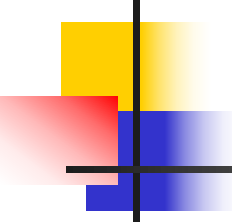

Hunan factory: Southeast Industrial Zone, Longhui County, Hunan Province.

1.5 面積: 珠海工廠10,000平方米, 湖南工廠10,000平方米

Area: 10000 Square meters each for Zhuhai factory and Hunan factory.

1.6 人數: 珠海工廠約150, 湖南工廠約150.

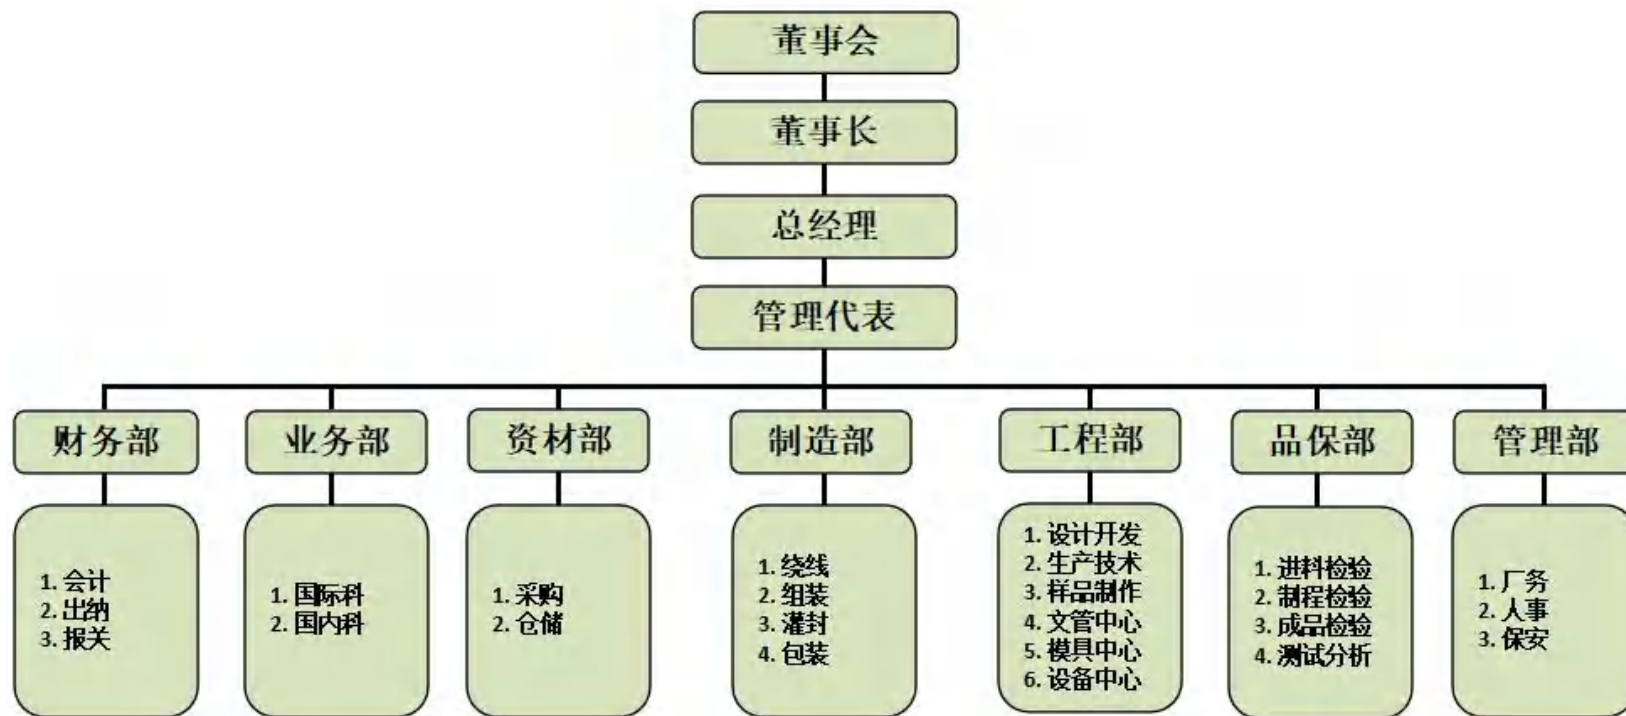

Employees: about 150 at Zhuhai factory and about 150 at Hunan factory.

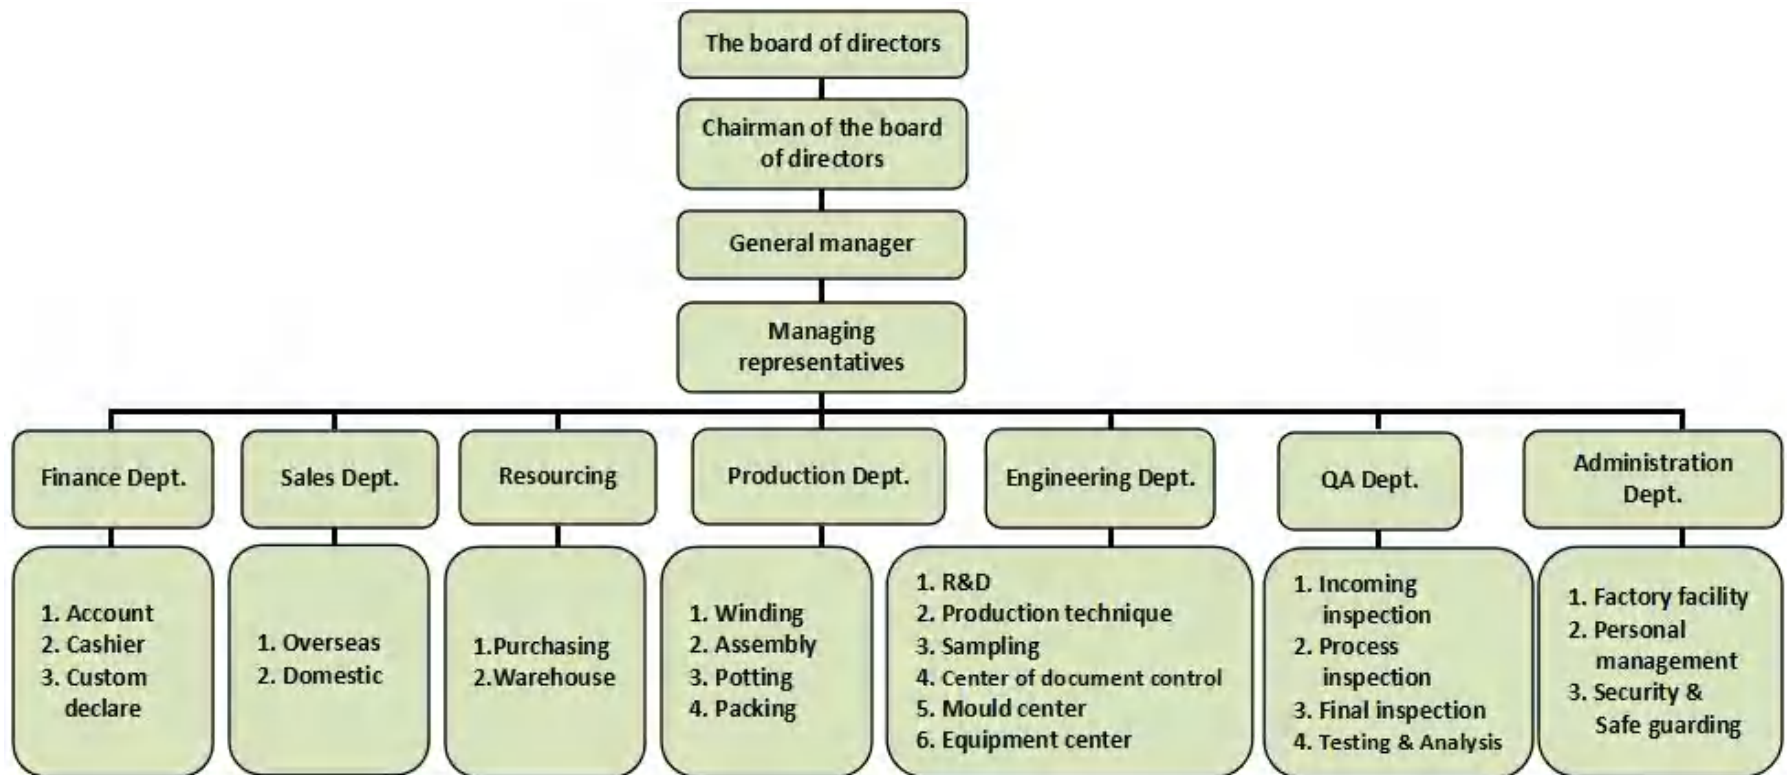

2.公司機能 Company Function

- 2.1 通過ISO9001:2015, ISO14001:2015, ISO45001:2018體系驗證**
Has certified by ISO9001:2015,ISO14001:2015,ISO45001:2018 management systems.
- 2.2 擁有二十年以上的變壓器及電感線圈研發,生產經驗**
With over twenty years experience of design, developing and manufacturing transformers, inductors and coils.
- 2.3 多數產品自行開發設計製造**
Most products are designed, developed and manufactured by ourselves.
- 2.4 多數產品獲UL、VDE、TÜV, 3C等安規認證**
Most products are approved by UL,VDE,TÜV,3C or other safety system.
- 2.5 所有產品都符合歐盟EU2011/65/EC ROHS 要求**
All parts meet the requirements of ROHS EU2011/65/EC.
- 2.6 擁有工廠直屬的機械加工、模具製作中心**
With our own machining, mold manufacturing center.
- 2.7 擁有工廠直屬塑膠、五金件加工中心**
With our own plastic and hardware products processing center.
- 2.8 擁有工廠直屬的矽鋼材料加工中心**
With our own silicone steel material processing center.
