Edgar Auto Harnesses LTD.

Professional

Wire Harness Manufacturer

Dongguan china

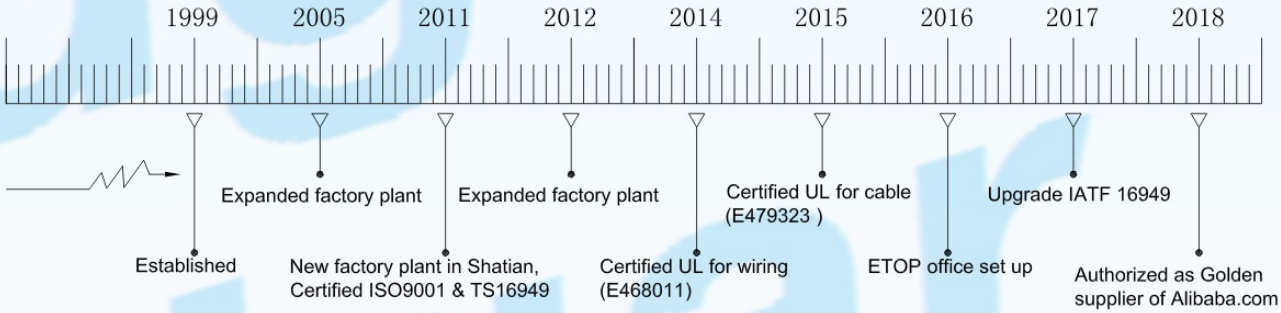

- Speed: OEM & ODM company with independent prototype samples shop
- Quality: IATF16949 & ISO 9001 management system, and UL certified supplier.
- Expertise: Rich experience, specialized in wire harness since 1999.
- Value added: Low failure/ maintain rate, quick solution to help customers increase marketing opportunity

COMPANY PROFILE

Edgar Auto Harnesses Ltd. is located in the Shatian area of Dongguan, the center of The Chinese Great Bay Area, with convenient transportation and only three kilometers from Dongguan Port. Edgar has both design offices and manufacturing plants, totaling 7,260 square-meters in size. They provide economical solutions and innovative harnesses for multiple uses, such as automotive, medical apparatuses, electronic information displays, industrial automation, alternative fuels and a host of other industries as well. Edgar has been specializing in wire harnesses since 1999, and is certified by IATF 16949, ISO9001, UL for wiring and cable, with employees well trained in PMP, IPC620, and 5S etc., They are also fully equipped in cutting, crimping, soldering, molding, packing and testing instruments.

Edgar's products have been exported all over the world, and they have a good reputation of providing professional solutions, fast prototype samples, good quality and quick, reliable service.

COMPANY BRIEF HISTORY

RANGE OF SERVICE

Industrial Automation

Alternative fuel

Alternative fuel

Wire Harness for Vehicle

Customized harness

Game machine

Electronic product

Medical apparatus

APPLICATION

AUTOMOTIVE

Ford Valve Cover Gasket Kit, ignition cable, diagnosis OBD II or J1939 series cable, lamp wires, rear-view mirror cable, Engine cylinder system wire harness etc..

INDUSTRIAL AUTOMATION

M8/M12 sensor cable, coil cord flexible cable, machinery wire harness, sensor cable, automation equipment wire harness

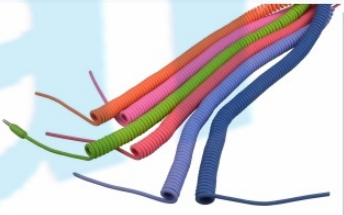

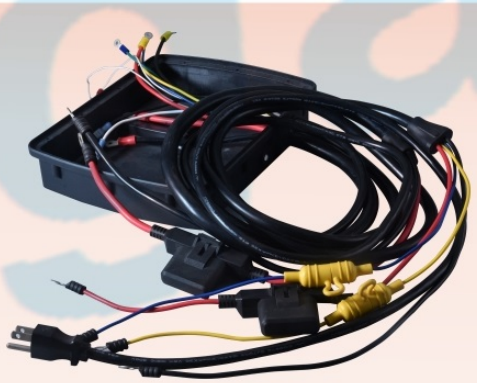

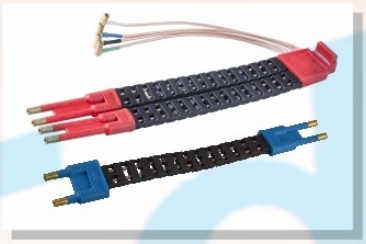

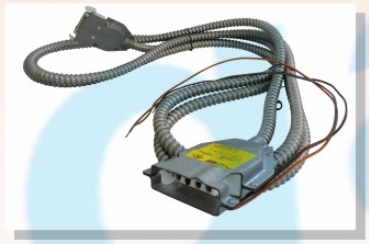

CUSTOMIZED DESIGN

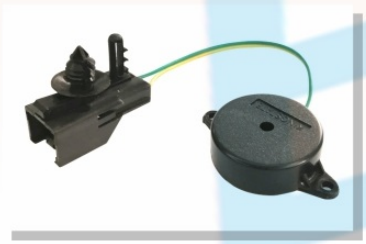

Strain Relief, Grommets, Waterproof assembly, Over-molding, Adding glue Multi-process cable, customer special require and design cable assembly etc..

ELECTRONIC

Molex/Tyco/JST standard connector wire harness, USB data cable, Modular RJ 45 Cat cable, Power DC cable, D-sub data cable, Mini Din, RCA cable and IDC flat ribbon cable etc.

ACCESSORIES SERVICE

Rubber for sealing/shocking absorbed, die-casting/ stamping/ processing metal part, plastic part and even some ceramics accessories, accessories with special surface treatment like coating / plated / anodizing / etc.

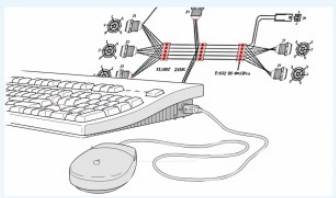

DEVELOPMENT

- Business discussion
- Project study
- Sketch simple solution
- Quotation

- Order place
- Feasibility verify
- 2D & 3D Design
- Drawing confirm

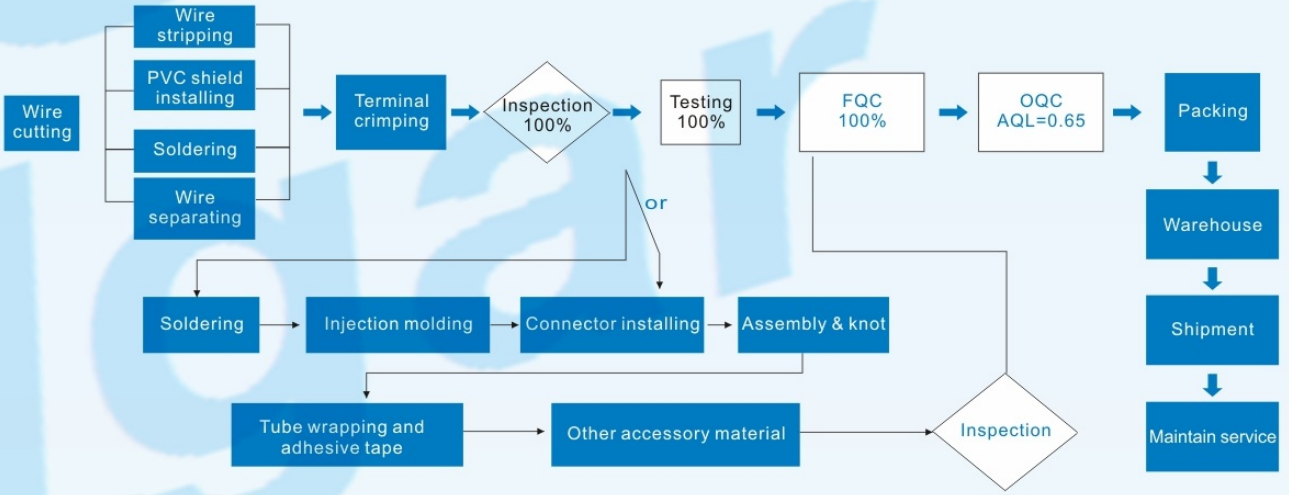

- Tooling processing
- Manufacturing
- Delivery
- Maintain service

CONTROL & MANAGEMENT SYSTEM

PRODUCTION

SOURCING

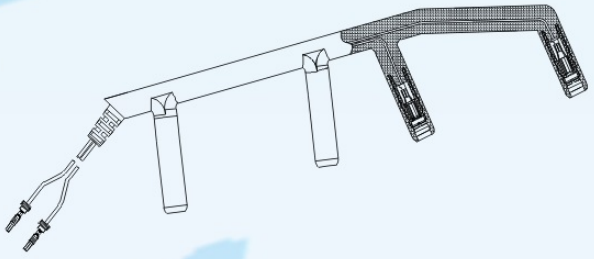

TE connectivity, molex, DELPHI Automotive Systems, DEUTSCH, JST, YAZAKI, JAE, Amphenol, FCI, YEONHO ELECTRONICS, HRS, IKET ENGINEERED, HARTING, ITT, ITW

SOLUTION & SERVICE

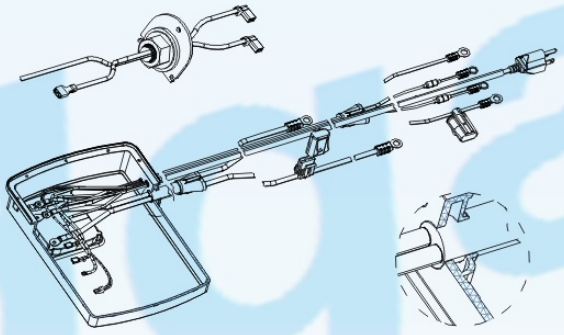

AUTOMOTIVE SERVICE PART

For Automotive service parts, reliability & safety are always the first priority. Our engineers focus on customer concerns, and work to the standard of IPC 620, with quality ensured by the IATF16949 quality management system.

- APQP
- PPAP
- IPC 620 standard
- Multi-process
- Special testing

CUSTOMIZED DESIGN

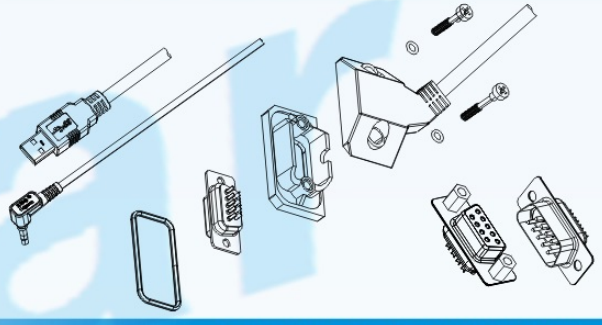

For customized designs, we engage customers during the design stage to reduce any potential failure and satisfy their needs or special requirements.

- Functions
- Customized color
- Dimension
- Process
- Assembly
- Packing

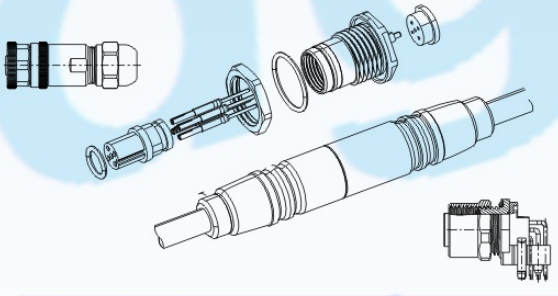

ELECTRONICS

For electronics, our designs not only work-in universal mating but also have a comfortable and aesthetic style. Additionally, we developed thousands of USB, RJ45, DIN and SR etc. molds that can be applied directly to help customers cut down lead-time and cost.

- Customer orientation
- Standard connector interface
- Quick prototype samples

INDUSTRIAL AUTOMATION

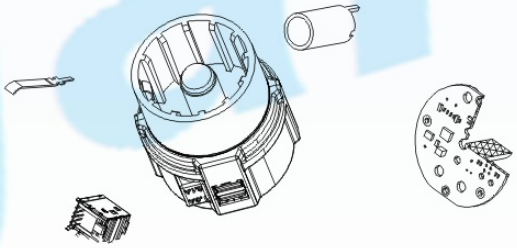

For industrial automation cable assemblies and wire harnesses, our engineers are devoted to providing fast, stable, universal connections and quickly discovering solutions.

- Flexible and moveable
- Waterproof rating IP67/68
- Easy for maintain
- Fast and stable contact

ACCESSORIES

For special applied harnesses or cable assemblies with various rubbers, metals, plastic or even ceramics accessories, we also offer a sourcing service for our customers' convenience.

- Accessories sourcing
- Assembly
- Convenient
- PCBA
