Guangzhou Taishi Electronic Technology Co., Ltd. is a technology enterprise integrating R&D, design, production, sales and service. Taishi main products include computer peripheral wires, digital accessories, charging equipment, vehicle equipment, etc.

JasoZ is a brand of Taishi.

Taishi started in 2009 in Guangzhou , Guangdong, with an office area of 877 m², a production area of 6,100 m², and 120 employees. Taishi is fully equipped with high-tech testing equipment such as DTR and HDR. Taishi has passed the ISO9001 quality management system certification and has a number of design patents, appearance patents and industry certifications.

Why choose JasoZ

Professional team | Quality assurance | Original design

JasoZ insists on user-centered and original design, incorporating the latest technology, environmental protection materials and fashion elements into product design, constantly providing users with fashionable, practical and quality products to meet the diversified needs of users in different intelligent terminal use environments, and through high quality, cost-effective products and timely and efficient after-sales service, JasoZ products are sold well in Southeast Asia, South America, Europe and the United States, and are loved by users.

Independent research, development and innovation are the keys to JasoZ's continued competitiveness. JasoZ always optimises and innovates its products based on the needs of its customers and is committed to every detail to create original and high quality products.
