公司已通过最新质量管理体系认证，服务网络覆盖全球**1500**余家客户。我们设立专属检测中心与专业检测团队，建立全流程品控机制，确保每一批产品均符合高标准出货要求。同时，专业检测服务可帮助客户降低人工成本、提升装配效率；此外，公司拥有**6**年以上行业经验的研发团队，能为客户提供产品设计优化方案，有效缩短产品开发周期。

我们期待与更多注重品质的客户建立长期稳定的合作关系，未来将持续输出更具价值的服务，与合作伙伴携手共赢、共创发展！

Handan Meisidi Building Decoration Engineering Co., Ltd. was established in 2019 and is located in Handan City, Hebei Province. To provide precise services to customers from different industries and regions, the company has built a large-scale logistics park that radiates across the country. Currently, the total monthly production capacity exceeds 70 million pieces, and the standing inventory covers more than 30000 types of products, which can be shipped immediately.

The company has passed the latest quality management system certification and its service network covers more than 1500 customers worldwide. We have established a dedicated testing center and professional testing team, and established a full process quality control mechanism to ensure that every batch of products meets high standard shipping requirements. At the same time, professional testing services can help customers reduce labor costs and improve assembly efficiency; In addition, the company has a research and development team with over 6 years of industry experience, which can provide customers with product design optimization solutions and effectively shorten the product development cycle.

We look forward to establishing long-term and stable cooperative relationships with more customers who value quality. In the future, we will continue to provide more valuable services and work together with our partners to achieve win-win results and co create development!
