PREMIUM PRODUCTS

We make the Premium Products

INNOVATIVE, PRACTICAL & TRENDY
Turbo Violent Fans & High Speed Fans

Premium Products Co., Ltd.

ABOUT US

Premium Products--A leader to manufacture Premium Quality Consumer Electronics products with our own well-equipped factory in China; that's the meaning we call us "Premium Products Co., Ltd.".

Patented Products--Our products are unique in designs which are Innovative, Practical, Trendy and with Patents.
Our humanized design products bring the fantastic user experience to our customers. We integrate Design, R&D, manufacturing and marketing to be able to easily export our products all over the world.
With our unique features, many major international brands have already worked with us.

Complying with Highest Standards-- Through years of efforts on quality control,
we have established a high standard operation system to secure product quality and timely delivery,
from the initial stage of product development to the final stage of making finished goods.
All comply with the highest standards in the industry.

We have the advanced equipment in-house, incl. Battery Capacity Detection system, SMT machines,
Aging testing room, High & Low Temperature and Humidity cycling test machine, etc. for our products,
which ensure our high quality control.

Contact us today for a fast and reliable service.

&
High Speed Fans

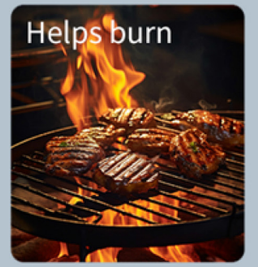

Turbo Violent Fan
Surging Cold Air

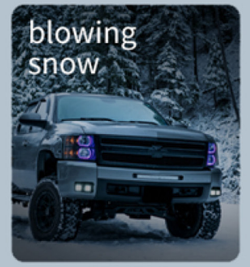

K-802

130000 RPM
BRUSHLESS MOTOR

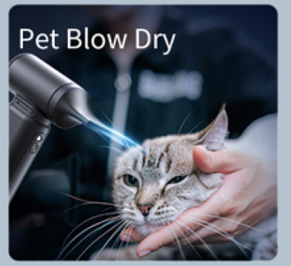

• With 4 Nozzles

Item No.: K-802

Features:

- **3 in1: Turbo Air-flow + Debris Removal + LED Flashlight**
- **Powerful Brushless Motor**
- 4 speeds + Turbo Mode
- With bright LED Light and SOS mode
- LED screen, display wind speeds and remaining battery
- **Finish: Luxury UV oil painting**

Specification:

Wind Pressure: **180g**
Size: 153*40*78mm
Weight: 260g
Material: ABS
Battery: 4000mAh
Speed: **130000RPM**

Item No.: F13

Features:

- **3 in1: Turbo Air-flow + Debris Removal + LED Flashlight**
- **Powerful Brushless Motor**
- 5 speeds + Turbo Mode
- With bright LED Light and SOS mode
- LED screen, display wind speeds and remaining battery
- **Finish: Luxury UV oil painting**

Specification:

Wind Pressure: 115g
Size: 65*135*35mm
Weight: 250g
Material: ABS
Battery: **6000mAh**
Speed: 90000RPM

Unique Cooling
High-Speed Waist-Mounted Fan

K-809

13000 RPM
BRUSHLESS MOTOR

Super rotation speed

Brushless Motor

Over heating protection

Item No.: K-809

Features:

- **Unique 4 in 1: Fan + Ice Refrigeration + Power Bank + LED Flashlight w/SOS**
- **Full body ice engine, rapid cooling**
- **Powerful Brushless Motor**
- 3 ways: Hang on the Waist, on the Neck & Desktop, free your hands
- With Ice Compress or without Ice Compress (optional)
- **With lanyard**

Specification:

Size: 85.2*68.6*92mm
Weight: 339g
Material: ABS
5 Gear Wind Speeds
Battery: **6000mAh**
Input Power: 5V-2A
Output Power: 5V-1A
Speed: **13000RPM** Max

Unique Violent
Waist-Mounted Fan + Dust-Blower
The Wind Revolution Unveiled!

MT105

60000 RPM BRUSHLESS MOTOR

Super wind speed

Super rotation speed

Brushless Motor

Blowing dust

Over heating protection

Item No.: MT105

Features:

- **Unique 60000RPM Highest Speed of Waist Fan!**
  Rapid cooling and can blow dust
- **Slim body;** 4 Wind Speeds adjustment
- **Powerful Brushless Motor**
- 3 ways: Hang on the Waist, on the Neck & Desktop, free your hands
- **Waterproof, dustproof design**
- **With lanyard**

Specification:

Size: 46*90*89mm
Weight: 260g
Material: ABS+PC
4 Gear Wind Speeds
Battery: **8000mAh**
Speed: **30000-60000RPM**

4 in 1 Foldable
High-speed Cooling Fan

K-801

Item No.: K-801

Features:

- 4 in 1: **Desktop + Handheld + Neck hanging + Ice Cooling,** free your hands
- Build with Peltier cooler, **strong wind + ice compress,** double cooling ways, rapid cooling
- LED digital display, air volume and remaining battery clearly visible
- **100 gears** adjustable wind speeds to meet multiple needs
- **With lanyard**

Specification:

Size: 183*60*60mm
Weight: 224g
Material: ABS
Battery: **4000mAh**
Input Power: 5V-1A
Speed: **13000RPM** Max

2 in 1
High-speed Fan Touch screen

K-804

Item No.: K-804

Features:

- 2in1: Desktop or wall- mounted
- **Touch screen operation,** full sense of technology
- 13000RPM High-speed motor
- Small voice; 90°angle airflows
- **100 gears** adjustable wind speeds to meet multiple needs

Specification:

Size: 180*150*221mm
Product Weight: 574g
Material: ABS
Battery: **4000mAh**
Speed: **13000RPM** Max
