Company Profile

Established in 2012, SHENZHEN TOPFAR INDUSTRIAL CO., LTD is a modern fertilizer enterprise which is focusing on R&D, production, sales, and services. Topfar is one of the leading suppliers of organic fertilizer and inorganic fertilizers. Until 2024, we have established business relationships with our partners from more than 39 countries, including Argentina, Brazil, Suriname, Paraguay, Peru, Africa, South Asia, etc.

Meanwhile, our mission is to provide all our business partners with fully satisfactory services by providing high-quality products in a timely and reliable manner, and to share our rich experience in fertilizer and transportation, to provide you with a perfect one-step solution, to the greatest extent possible for any cost of our customers.

All the staffs of Topfar Company will be happy & honored to serve you.

Fertilizer Certificates

Our professional composition analysis laboratory is the key to quality, especially our scientific and strict quality control team also guarantee the products meet all your requirements, and all of our fertilizers can meet the Top far lab certifications and the ISO certification.

We can also provide fertilizer testing services following your voice.

Global Market

We have been manufacturing fertilizers for over 12 years, after several years of development we have kept good relationships with our customers all over the world, such as Argentina, Brazil, Suriname, Paraguay, Peru, Africa, South Asia, etc.

Until 2024, we have established business relationship with our partners from more than 39 countries. Meanwhile, we will devote ourselves to bringing more good products to more countries.

Our Advantages

PRODUCTION

Top far now has five advanced production lines, which can produce various compound fertilizer granules, extruded granules, and water-soluble fertilizers according to customer orders. It has an annual output of various formulas of water-soluble fertilizers, organic fertilizers, and compound fertilizers. 200,000 tons of fertilizers and compound fertilizers, and 120,000 tons of phosphate sulfate, potassium sulfate, potassium humate , etc.

QUALITY CONTROL

Top far has passed ISO9001:2000 quality management system certification and has its own experimental analysis room and quality inspection department.

It monitors the quality data of raw materials and products from ordering to delivery, fully ensuring that each batch of products is shipped. The quality meets the requirements of relevant standards and contracts.

SERVICE

Top far can provide free technical consulting services and recommended fertilizer formulas based on customers' local natural conditions, soil conditions, crop types, and planting methods, different growth stages of crops, etc.

At the same time, customized packaging can be provided according to customer requirements.

NPK Compound/Complex Fertilizer

NPK Compound/Complex Fertilizer

NPK Compound/Complex Fertilizers which contain Nitrogen(N, Phosphate(P₂O₅), and potassium (K₂O) usually are produced by mixing straight fertilizers.

Packing: 9.5kg/25kg/50kg PP plastic woven with PE inner bag
Customized packing is available

Typical Formulations:

NPK Balance	NPK 14-14-14 NPK 15-15-15 NPK 16-16-16 NPK 17-17-17
High-Nitrogen	NPK 20-10-10 NPK 30-09-09 NPK 25-05-05 NPK 22-06-12
	NPK 19-12-19 NPK 18-18-05 NPK 16-16-08 NPK 27-12-18 etc
High-Phosphate	NPK 12-24-12 NPK 11-22-16 NPK 14-23-14 NPK 18-18-05
	NPK 10-20-20 NPK 16-16-08 NPK 10-20-10 NPK 08-22-20 etc.
High-Potash	NPK 12-12-17 NPK 12-11-18 NPK 15-05-20 NPK 10-20-20
	NPK 19-12-19 NPK 27-12-18 NPK 12-08-16 NPK 13-13-20 etc.

CAS NO.		66455-26-3
CHEMICAL FORMULA		N-P ₂ O ₅ -K ₂ O
HS CODE	Gross-weight less than 10kgs Per package	31051000.90
	Gross-weight more than 10kgs Per package	31052000.00

Binary Compound/Complex Fertilizer

Binary Compound/Complex Fertilizer

Binary (NP, NK, PK) Compound/Complex Fertilizers which contain two components of Nitrogen(N), Phosphate(P₂O₅) and Potassium(K₂O), usually be produced by mixing straight fertilizers. In some cases, chemical reactions occur between the two or more components.

Packing: 9.5kg/25kg/50kg PP plastic woven with PE inner bag
Customized packing is available

Bulk Blending (BB) Fertilizer

Bulk Blending(BB) Fertilizer

Bulk Blending Fertilizer (BB Fertilizer/Mixture of Fertilizer) is a kind of compound granular fertilizer mixed by several single fertilizers or compound fertilizers according to a certain proportion.

It has characteristics of granule uniformity, less water, moderate granule intensity, no agglomeration, easy to use, and low cost.

Packing: 9.5kg/25kg/50kg PP plastic woven with PE inner bag
Customized packing is available

CAS NO.		66455-26-3

Organic Fertilizer

Humic Acid

Humic Acid is naturally extracted from the mineral leonardite. It is a mixture of macromolecular organic compounds formed after microorganisms decompose and transform plants, and then undergo long-term geochemical reactions.

Packing: 25kg/bag
Customized packing is available

CHEMICAL FORMULA	C ₁₄ H ₁₂ O ₈

Fulvic Acid

Leonardite Fulvic Acid is extracted from peat, lignite and weathered coal. Fulvic acid is a short carbon chain small molecular structure substance extracted from natural humic acid. It is the water-soluble part of humic acid with the smallest molecular weight and the highest active group content.

Packing: 25kg/bag
Customized packing is available

Specification:

Amino Acid

Amino Acid Powder contain organic nitrogen and inorganic nitrogen, which not only can be used as raw materials for foliar fertilizer but also can be apply on the crops as water flush fertilizer, ground fertilizer and basic fertilizer. There are two source, one is from animal fur, the other is from soybean.

Packing: 25kg/bag

Organic Fertilizer

EDDHA Fe 6%

EDDHA-Fe6% is used in the soil range (PH 4-10) with high efficiency, high quality, and super strong biological activity. It has a wider range of applications than EDTA-complexed iron and DTPA-integrated iron. It is fully water-soluble, dissolves quickly, and does not agglomerate. It is used in agriculture, forestry, animal husbandry or other economic crops.

Packing: 25kg/bag
Customized packing is available

Specification:
