

500-Square-Meter GMP Dust-Free Workshop

Meizhou Nuoyuan Silicone Rubber Products Co., Ltd. is a professional enterprise specializing in the manufacturing of silicone rubber, rubber, and nylon (PA) products. Our headquarters facility, Meizhou Nuoyuan Silicone Rubber Products Co., Ltd., oversees all production and manufacturing processes. The factory has a total area of approximately 45,000 square meters, with a fully equipped 500-square-meter GMP (Good Manufacturing Practice) dust-free workshop.

Specializing in Semi-finished Product Processing

In addition, our Shenzhen branch, Shenzhen Rongquan Technology Co., Ltd., specializes in ABS semi-finished product processing. The branch has professional departments including R&D, foreign trade sales, and design, and provides comprehensive services to Amazon customers, international supermarket clients, and cross-border retail platform sellers.

Over 20 Design and Appearance Patents

The company has over 20 design and appearance patents, and has applied for patent protection in Europe and the United States. We provide corresponding intellectual property protection for cross-border sellers' sales.
