About Us:

Registered in August 2019 with a capital of RMB 2 million yuan, Dongguan Hongcheng Technology Co., Ltd. specializes in the R&D, production and sales of silicon rubber products with more than 50 employees. We boast four PU potting lines, equipped with advanced production machinery such as cutting machines, digital printers, heat sublimation printers, high-frequency fuse machines, and thermoforming machines.

We are committed to providing customers with high quality products. Thanks to years of new product development and technical breakthroughs, we've built the capabilities to produce a full range of silicon rubber products. They include gaming mouse pads, wrist-support mouse pads, bar mats, table mats, gambling table mats, floor mats, door mats, pet pads, and yoga mats. Meanwhile, new products are being developed to meet market needs.

Relying on advanced e-commerce concepts and marketing platforms, we've forged in-depth cooperation ties with enterprises both in China and abroad. Our customers include Wal-Mart, HP, Lenovo, Honglong, and many other well-known brands in the industry. We're also working hard to develop new customers. While further tapping the Chinese market, we're also actively expanding the international market through exhibitions, B2B e-commerce platforms, and other channels. We've established stable and long-term cooperation relations with overseas customers, and our products are sold to Southeast Asia, Europe, and the United States, winning acclaims worldwide.

Our advantages: 1. we've obtained the ISO9001-2015 quality management system certificate issued by a renowned, authoritative certification body. We strictly apply the ISO9001 quality management system in the production process, gaining international authority. We are also ISO14001-2015 certified. 2. Our products have passed the eight heavy metals concentration test by the authoritative SGS, and certified to be ROHS compliant.

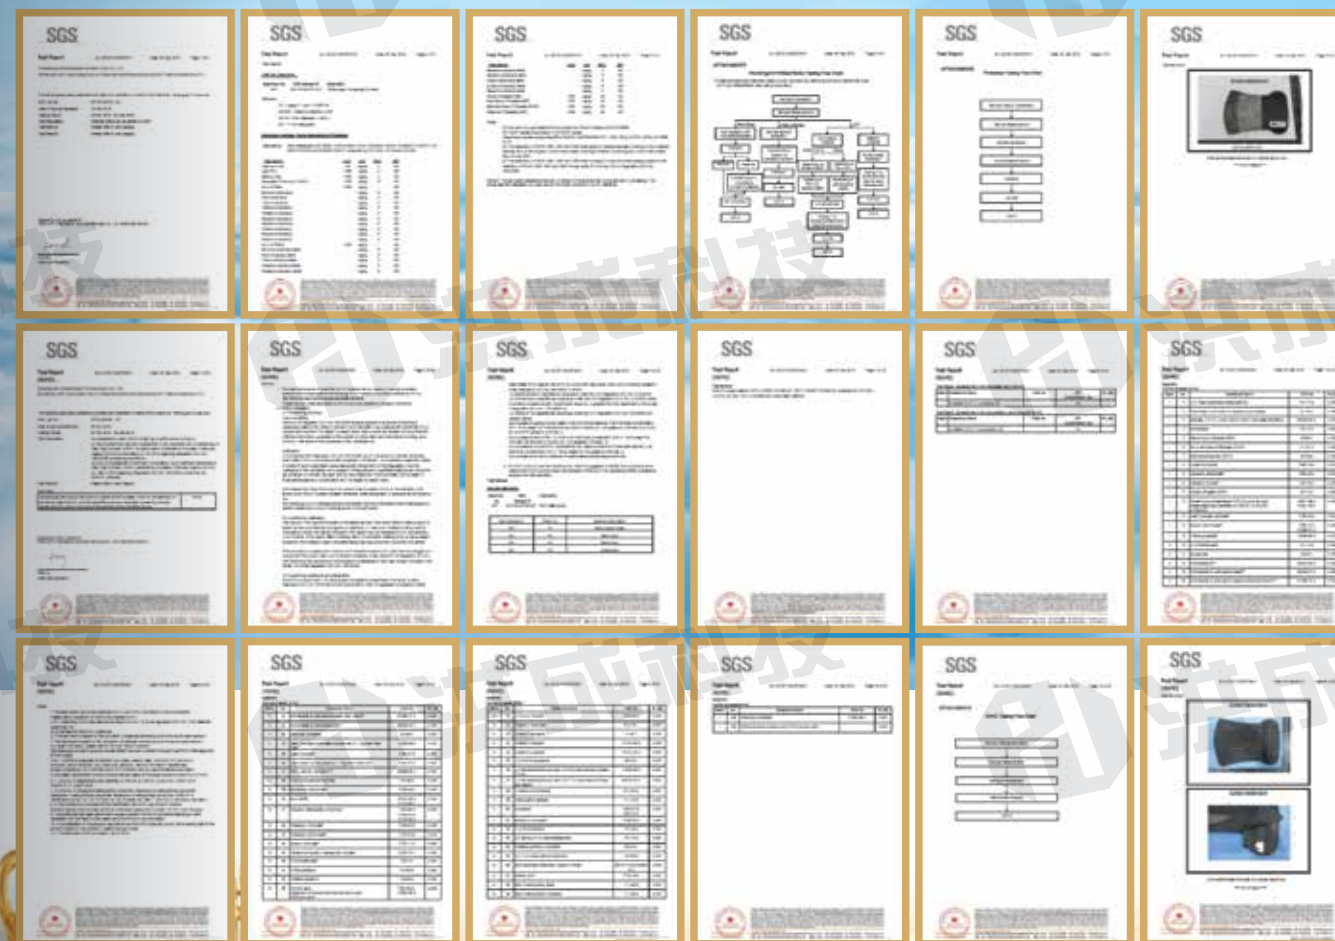

企业文化 OUR CULTURE:

使命：让鼠标滑动更流畅！让世界再无鼠标手！
愿景：让大家花最少的钱买到更适合自己的鼠标垫！
Mission: Smoother mouse glide. A world without mouse hands.
Vision: A more suitable mouse pad for all at the least amount of money.
