We make what you imagine

ZEUSLAP offers specific monitors as our client needed.

Wireless LapDock Monitor

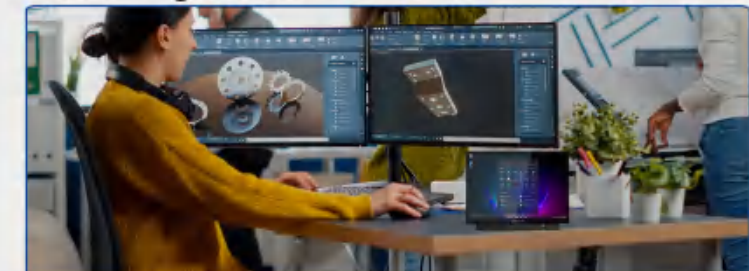

27.6" DualUp Monitor

Movable Smart Monitor

Touching Screen Mini PC

Customization

01 SUPPORT OEM/ODM/OBM Services

We currently has 3 manufacturing models: OEM, ODM and OBM. We offers processing customization in order to better meet the full range of needs in market, which help to enhance brand power iaround the world. Trying our best to satisfy our customers.

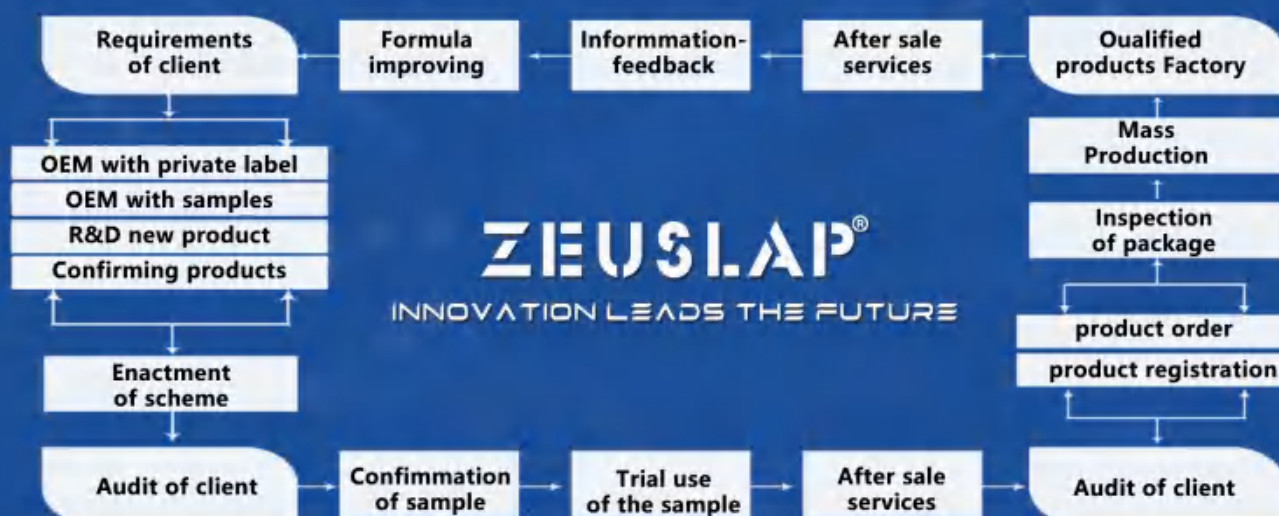

02 ADVANCED EQUIPMENT AND HIGH-END TECHNICIANS

Specialized supply for customers: model design and development, monitor production, packaging design, packing and shipping. Advanced production equipment and high-end technicians provide guarantee for production efficiency and high quality of displays.

03 SERVICE PROCESS

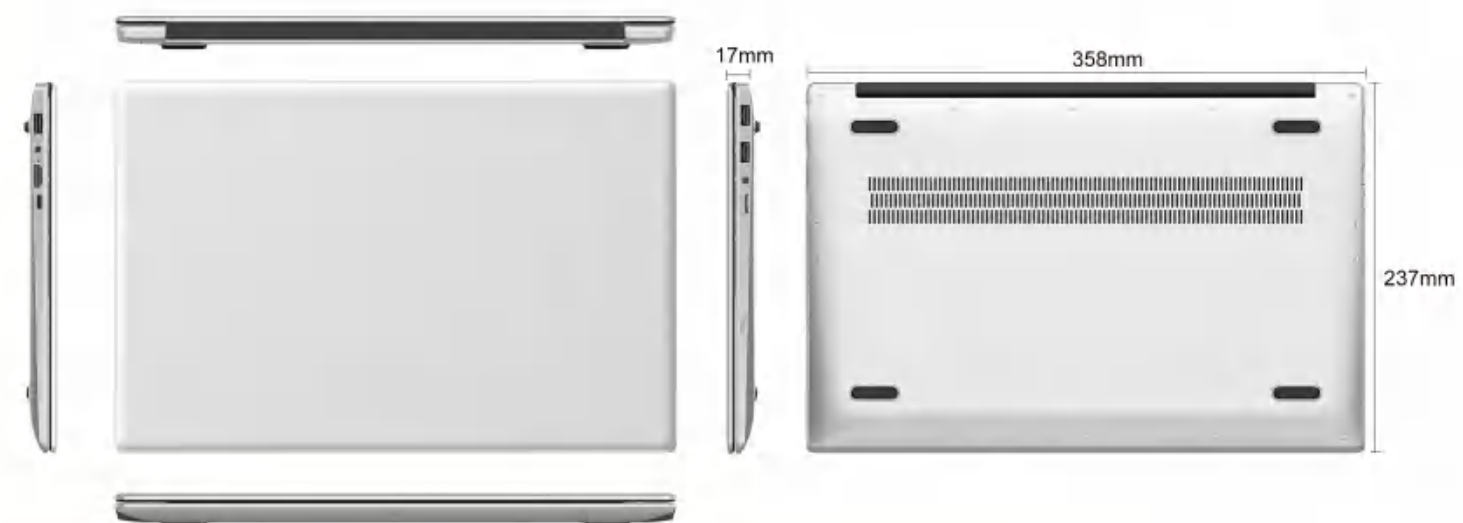

ZEUSCREEN

15.6inch 1920*1080P FHD
LapDock/DexBook Monitor

Main Features

- **[15.6inch 1920*1080P FHD Touch Screen]**
Zeuscreen supports 10-point captivate multi-touch and provides more precise and sensitive touch without any driver at wire connection, such as thunderbolts type c and hdmi-compatible.
- **[Wireless Connection]**
Zeuscreen supports Android, IOS, Windows, DLNA system at the wireless connection. If set the wifi in the same router, which can reduce the latency in the mira cast mode.
- **[Built-in Battery]**
Zeuscreen is built-in 5000mAh or 10000mAh li-ion battery as a power bank function, which can charge the phone at the same time at thunderbolts type c connection.
- **[Rich Interface Connection]**
Zeuscreen has HDMI-compatible port, thunderbolts type c port, usb port, audio port and tf card reading port. The USB port can even support for the iphone lightning connection directly, which is a great step.
- **[TF Card Reading]**
Zeuscreen supports the external tf card reading and writing. The tf card can be the external storage of the mobile phone, which is exactly phone into PC in the DEX mode of Samsung Galaxy series phone.
- **[Full Size Keyboard+Touchpad]**
Zeuscreen equips a full size keyboard, including the right side number buttons. Besides, the touchpad allows more smooth working at phone, laptop, raspberry pi connection.

INNOVATION LEADS THE FUTURE

Z10B

10.5inch 1920*1280P FHD
Touching Function Smart Mini PC

Main Features

- ▶ **[10.5inch FHD Touching IPS Panel]**
10.5inch 1920*1280P FHD resolution with touching IPS panel at 15:10 aspect ratio as well as 178° wide viewing angle, which offers a higher definition and larger visual at the liquid crystal display panel.
- ▶ **[Outstanding Performance at Color Gamut]**
With 500cd/m² ultra high brightness, 100% sRGB, 76% DCI-P3, 73% NTSC, combined with 16.7M (8-Bit) rich color gamut, Z10B guarantees an outstanding display performance.
- ▶ **[Intel Quad Core Quad Thread Chip]**
Z10B built-in Intel Gemini Lake serie chip---J4125, base 2.00Ghz frequency, 4 cores and 4 threads, Intel UHD graphic 600, 8GB ram and NVMe fast SSD storage for more DIY options.
- ▶ **[Lightweight and Portable Travel]**
Designed to be ultra-slim and easy to carry. Its compact size makes it a convenient option for the one who is ready for on-the-go. It will be a best partner for the traveler, student, gamer and engineer and so on.
- ▶ **[Three Screens All Together]**
Built-in thunderbolts type c and HDMI-compatible input, which can connect additional two monitors, then total three montiors on working. Triple screens for fast reaction and improve the efficiency.
- ▶ **[New Design for More Possible]**
Z10B is a new design in the mini pc area. It combines the monitor with the pc at slim design body and flexible lay-up angle, which allows multi-applications, such like school, office, industry usage and so on.

Z276

27.6inch DualUp 16:18 QHD
2560*2880P Nano IPS Monitor

Main Features

- ▶ **[27.6inch QHD 16:18 Nano IPS Panel]**
27.6inch 2560*2880P QHD resolution with IPS panel at 16:18 aspect ratio as well as 178° wide viewing angle, which offers a higher definition and larger visual at the liquid crystal display panel.
- ▶ **[Outstanding Performance at Color Gamut]**
With 300cd/m² ultra high brightness, 100% sRGB, 98% DCI-P3, 76% NTSC, combined with 10.7B (8-Bit+ FRC) rich color gamut, Z16 Lite guarantees an outstanding display performance.
- ▶ **[Six Intelligent Display Modes]**
Besides the user, warm and cold color display mode, Z276 also provides Standard, Game, Video, Text, FPS and RTS six intelligent display modes. Feel free to switch any mode at your will.
- ▶ **[Multi-windows Display for Option]**
Feature a 16:18 aspect ratio, Z276 supports two windows display---One Display at full screen and dual 16:09 display screens. Exactly the best partner of the designer, code editor and image and video worker.
- ▶ **[Wide Compatibility Input]**
Built-in thunderbolts type c and HDMI-compatible as well as DP input, which allows a wide compatibility connection with mobile phone, laptop, pc and gaming consoles.
- ▶ **[Hidden Camera Design]**
Z276 equips with a hidden 2.0 MP camera on the top side of the monitor, which is good the video chatting or meeting at office, and for the remote schooling for kids at home.
