Basic Information

N3s

Super Thin And Light Walkie Talkie

Lenovo N3-S thin and light walkie-talkie,,
Ultra-thin body design,;
Fashion breathing light button;
Supports one-handed operation;
Can be easily put into the pocket;
Standby more than 7days;

Specification

General

Frequency	UHF:400-480MHz
Channel Capacity	16
PLL Channel Spacing	12.5kHz/25kHz
Battery voltage	3.7V
Battery Capacity	1000mAh
Dimensions	120 × 58 × 34mm
Weight	93g(within Antenna and Battery)

Receiver

Receiver Sensitivity	≤0.25uV
Channel Selectivity	≥60dB
Blocking	≥80dB
FM Harm And Noise	25kHz≥45dB 12.5kHz≥40dB
Receive Audio Power	0.5W
Audio distortion	≤5%
RF Power output	1.8W ± 0.2W

Transmitter

Modulation Type	16kΦF3E/8kΦF3E
Modulation Limit	±5kHz/±2.5kHz
Modulation distortion	≤5%
Residual FM	~45dB
Adjacent Channel Power	~67dB
Radiated Emission	~36dBm

Environmental Indicators

Operating Temperature	-20°C ~ +60°C
Storage temperature	-20°C ~ +70°C
Shock and Vibration	According GJB 150-2009 & MIL-STD-883C/D/E/F/G standard

The above specification are tested in accordance with the TIA/EIA-603 standard. Due to the continuous updating of the technology, the above indicator data will be changed without notice.

Packing

Adapter can choose Euro Type ,UK type ,
Australia Type/ USA Type

N01 Detail Information

Major Advantage:

A: Two Charger Way (Type C or Seat Charger (Option)) ;

B: 1700mAh Battery or 3800mAh Battery (Option);

C: Double colors for PTT ;

D: Wireless Copy Function;

F: One Button Copy Function;
