About Us

Comwin Technology Ltd is a Hong Kong-based company that specializes in distributing electronic parts and offering lifestyle products. We were founded in 2005 and are headquartered in Hong Kong.

For nearly 20 years, we have been dedicated to facilitating trade partnerships between Japan and China in the realm of electronic products, tools, and equipment. Over this time, we have forged enduring relationships with Japanese firms like TOSHIBA, MAXELL, as well as Chinese companies such as HISENSE, CHANGHONG, SKYWORTH, CDGMPT, and more. Our primary product offerings encompass televisions, monitors, laptops, tablets, electronic components, and more.

We also serve as professional sales agents for machinery equipment, test instruments, tools, and other products originally manufactured in Japan to meet the needs of our Chinese customers.

We offer our customers the best value through professional customer service, quality assurance, competitive pricing, and punctual delivery.

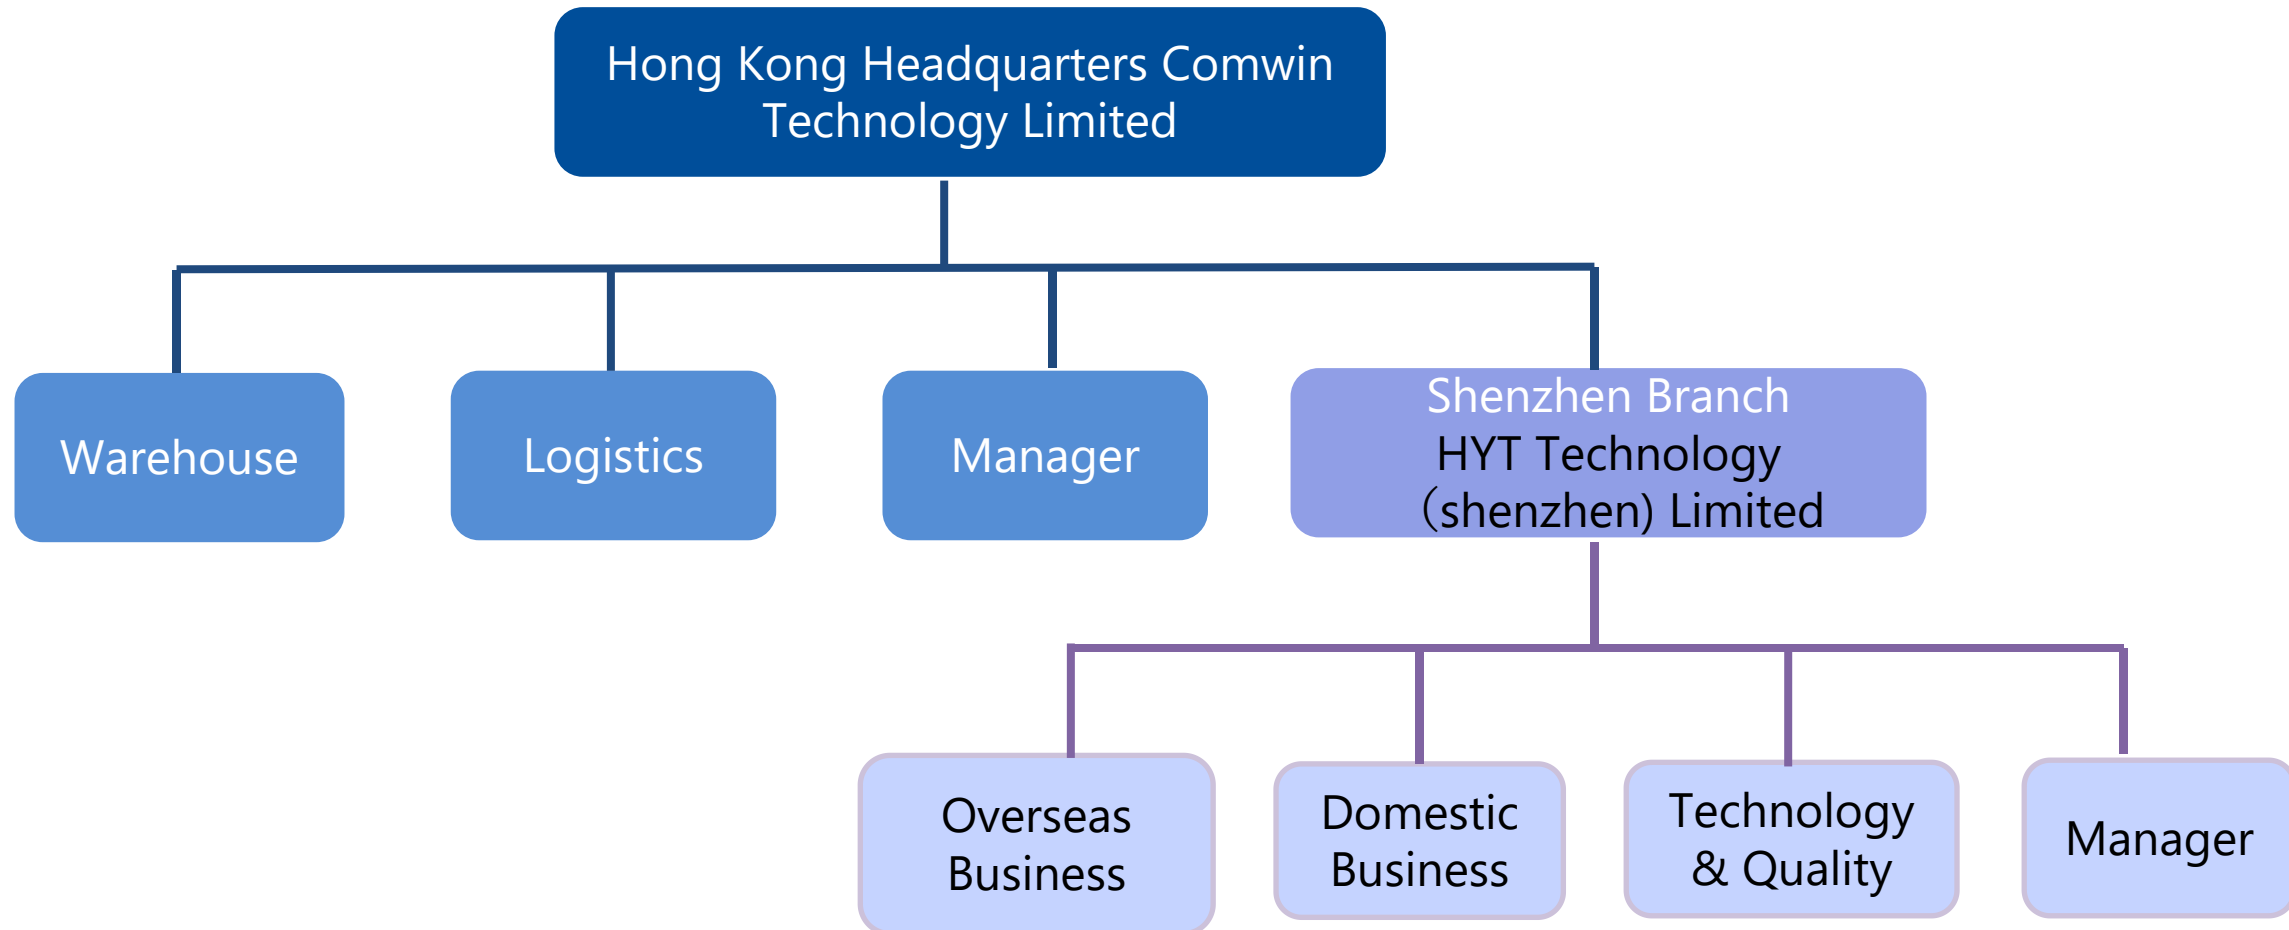

About Us

- Company Name: Comwin Technology Limited
- Found: Jul, 2005
- Capital: HKD 5,000,000.00
- Bank: The Hongkong and Shanghai Banking Corporation Limited
- Shenzhen Branch: HYT Technology (Shenzhen) Limited
- Capital : USD500,000.00 (Comwin 100%)

Organization

Business Scope-1

We offer tailored product recommendations and customize branding, specs, packaging, and more to meet customer needs.

We work with expert factories to design and manufacture new products based on customer concepts and specifications, ensuring all requirements are met.

Business Scope-2

Factory Audit

We ensure production quality aligns with your standards and help mitigate risks, offering timely factory visits for both new and existing suppliers.

MP

*Confirmation
Inspection*

MP Confirmation: Ensuring key processes, components, and quality.
Inspection: Pass/Fail criteria covering visual, performance, structural, and practical tests.

We offer verification and inspection services before, during, or after production.

Business Scope-3

**Import
Export
Support**

We hold import/export licenses and manage the entire process, including logistics services like sea/air shipments and truck arrangements.

**After
Service**

We quickly analyze post-sale defects and implement both immediate and long-term solutions to improve product quality.

Double LED Wide control range

高品質ボタン採用
金属ドーム式ボタンを採用する事により、カチッとした打感で、押し直しのストレスがありません。

手にフィットする設計
手に負担のかかりづらい形状、バランスのとれた重心で、快適な持ち心地を実現しています。
リモコンパネル表面はヘアライン仕上げで高級感のあるデザインです。

リモコンをリニューアル 広範囲でのリモコン操作を実現
よりリモコンの反応範囲を広くする為に、従来のリモコンに比べ、赤外線LEDを2か所に配置致しました。
その結果、広範囲でリモコンの反応ができ、広い角度で使えるようになっております。
